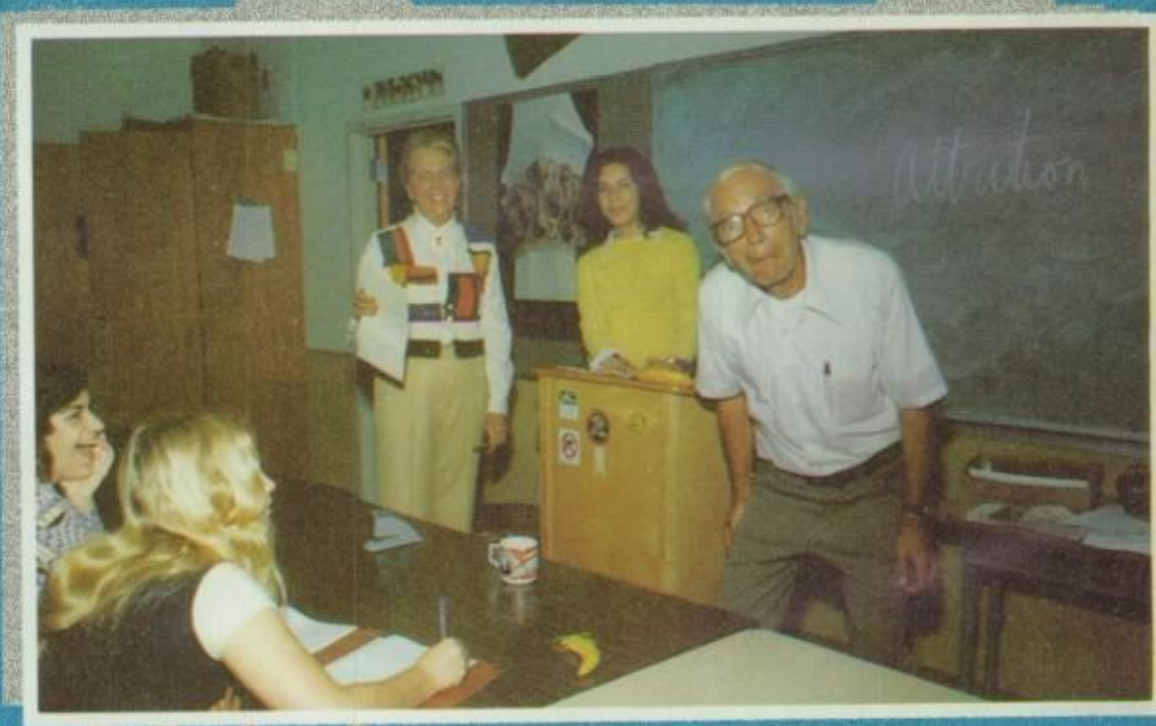
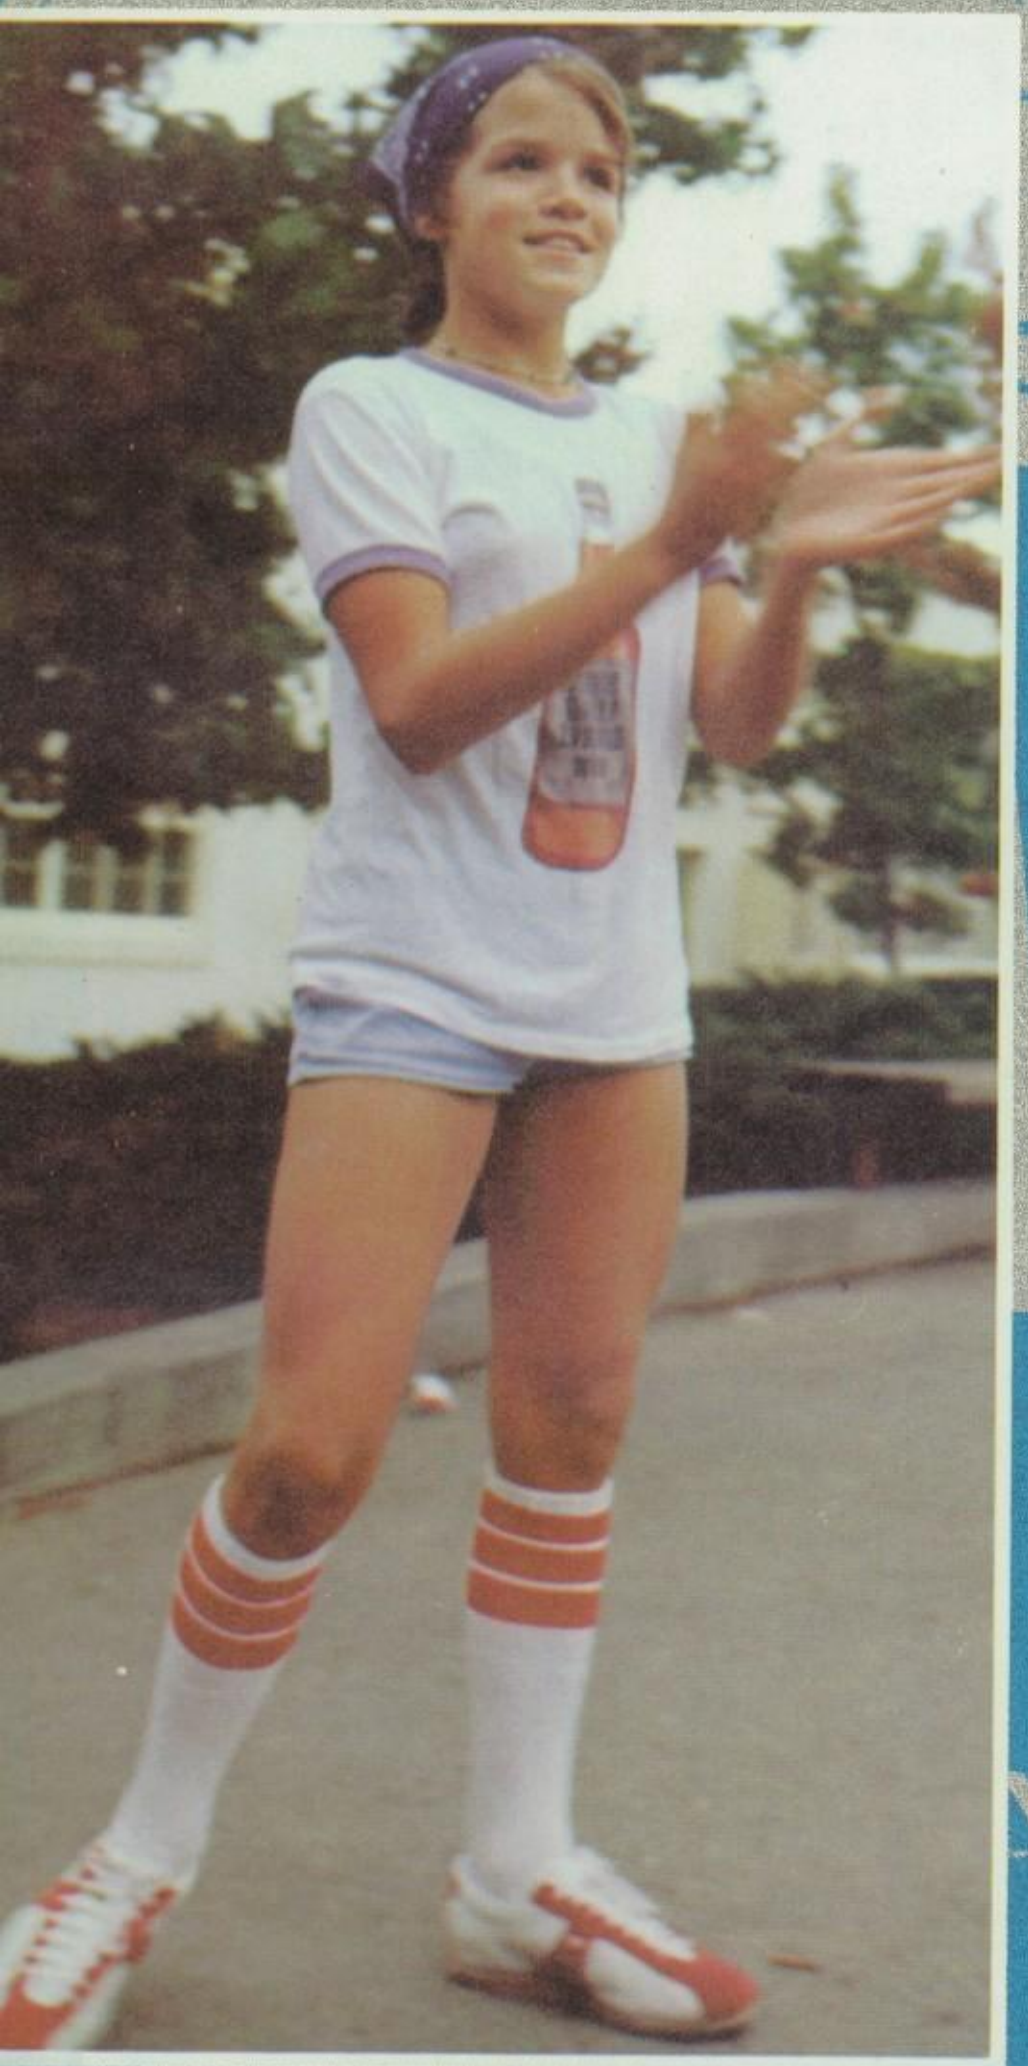
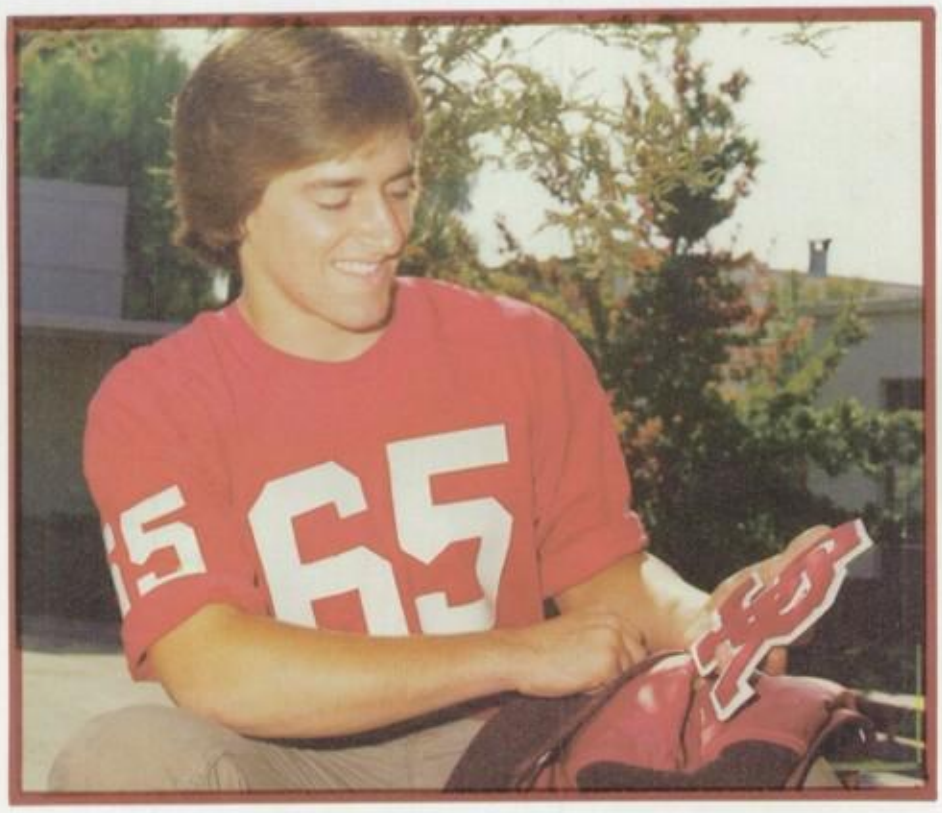
SAN RAFAEL

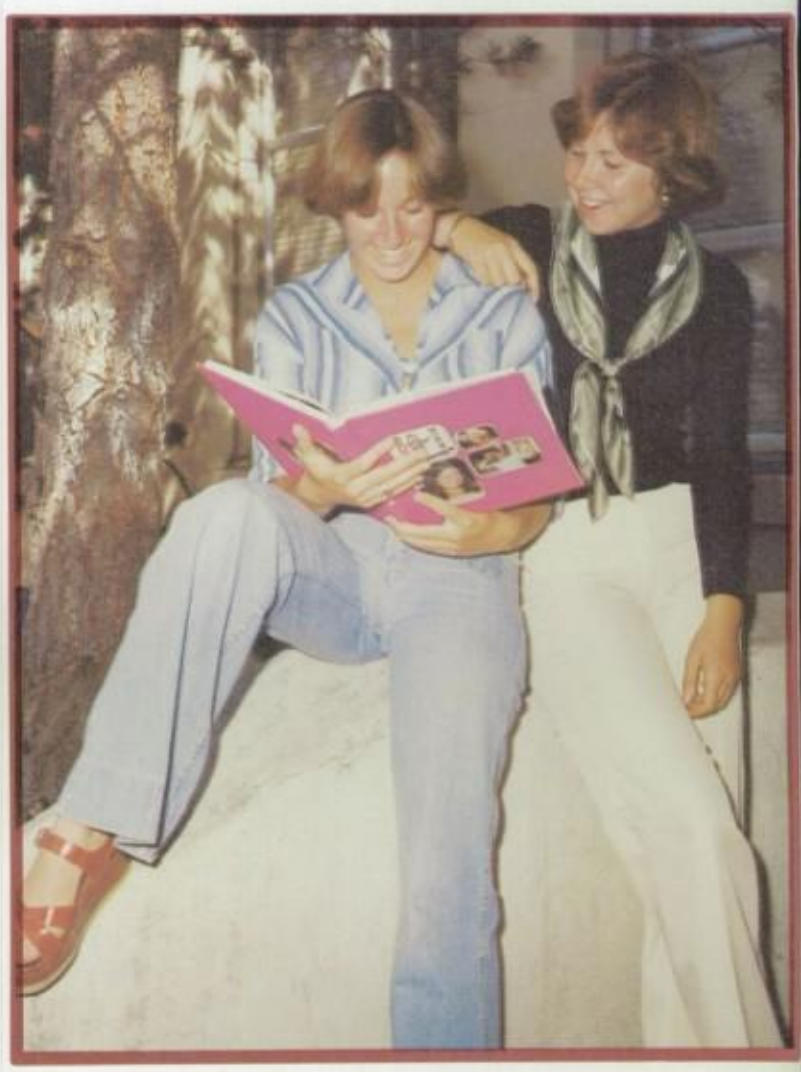




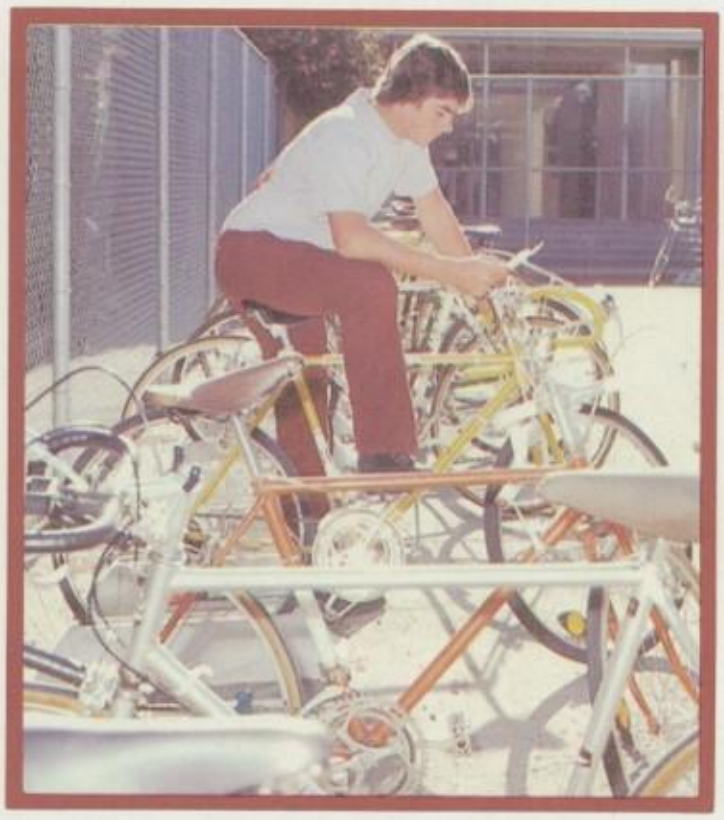
Dreams are a part of ourselves;
our dreams are for the future,
and the hope of success or
perhaps a better way of life.

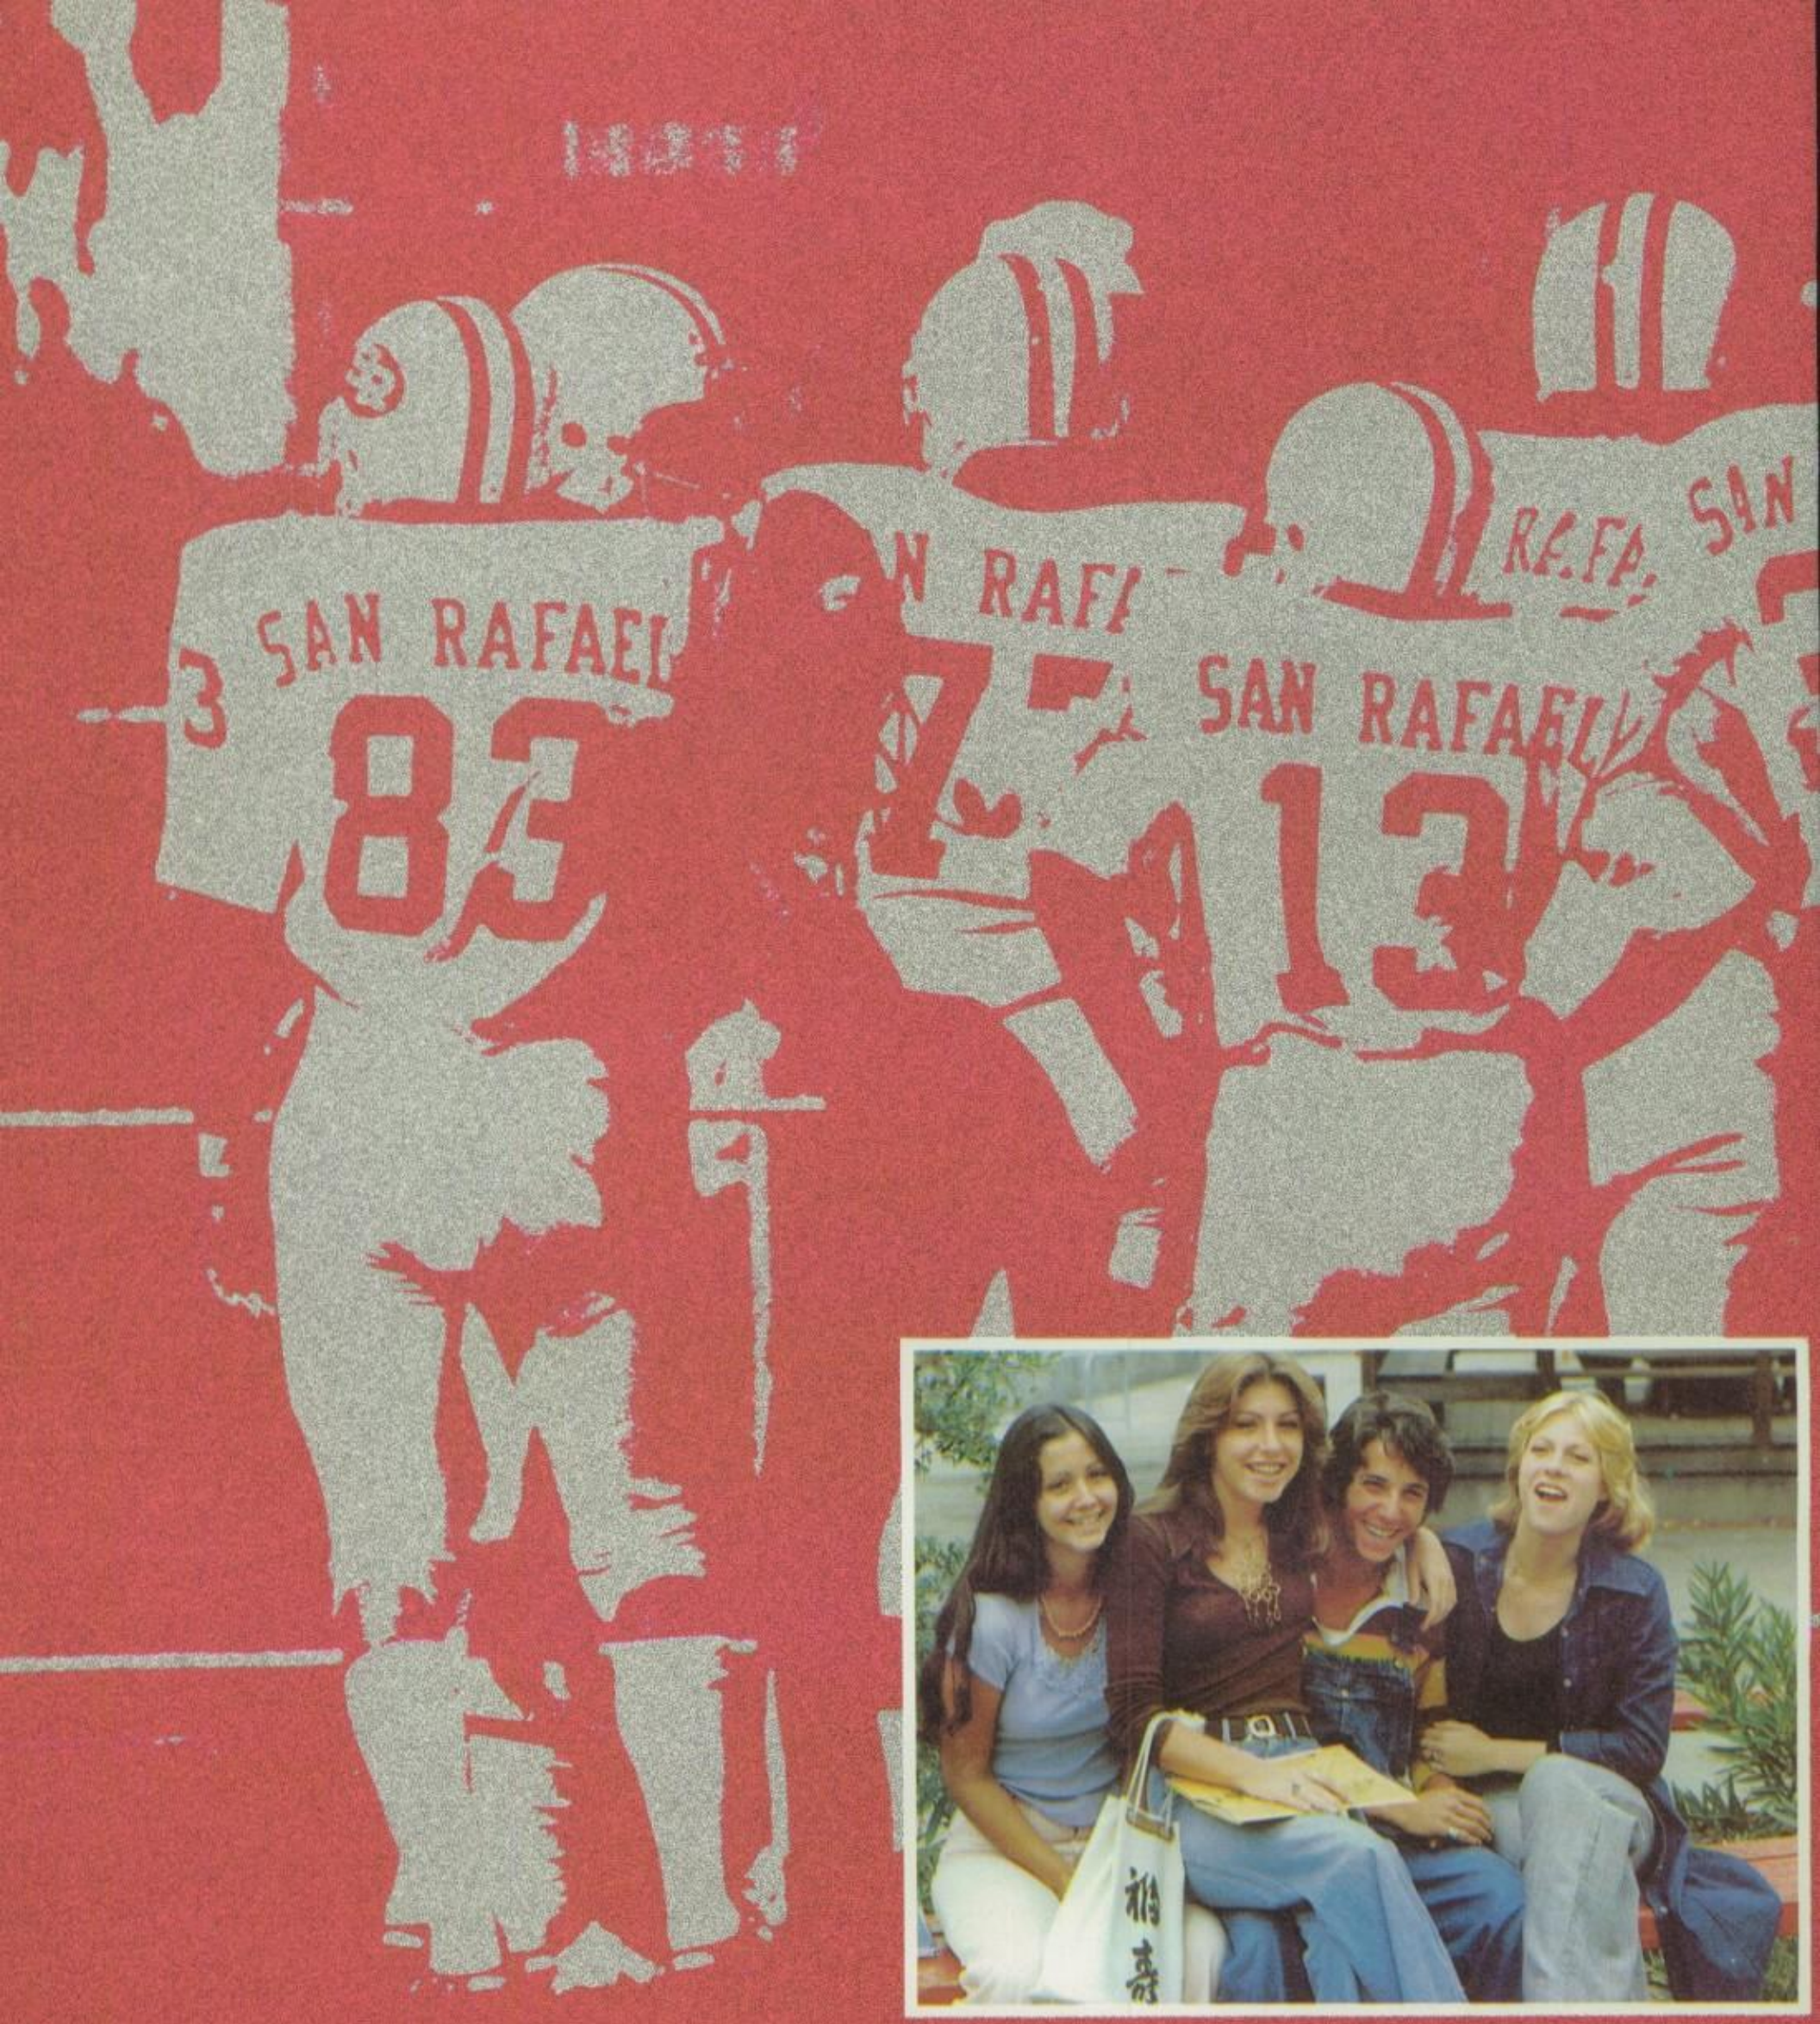


65



Our happiness will be derived from our feelings and the simple things we dream of owning.

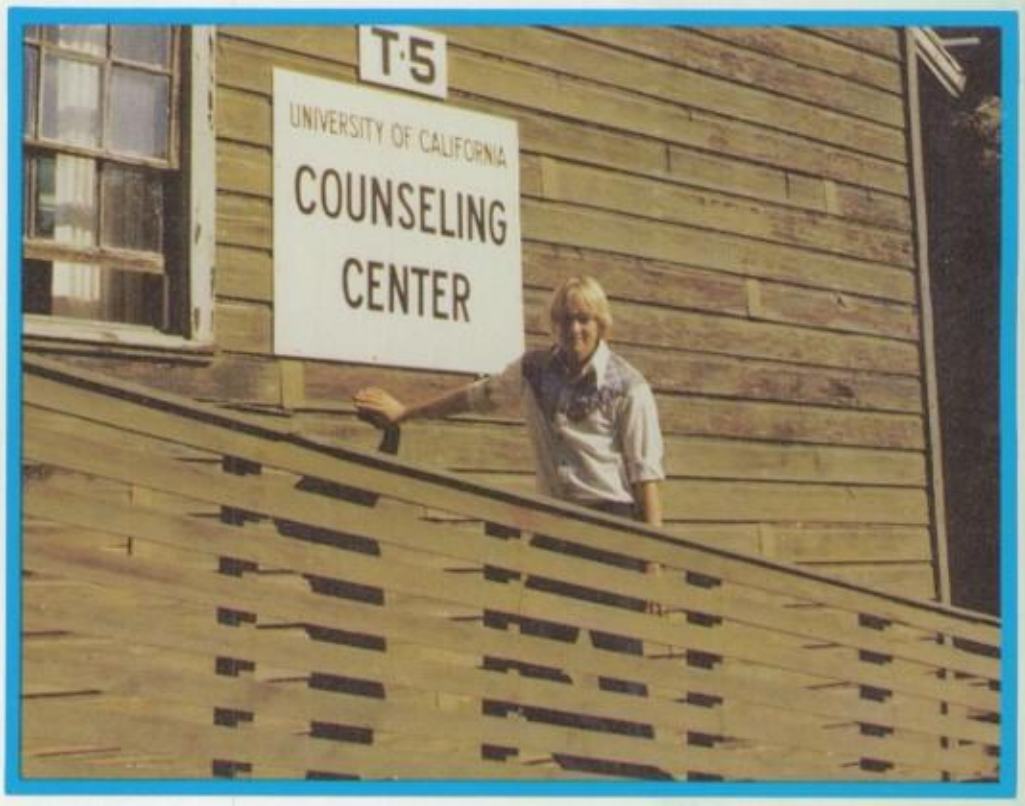


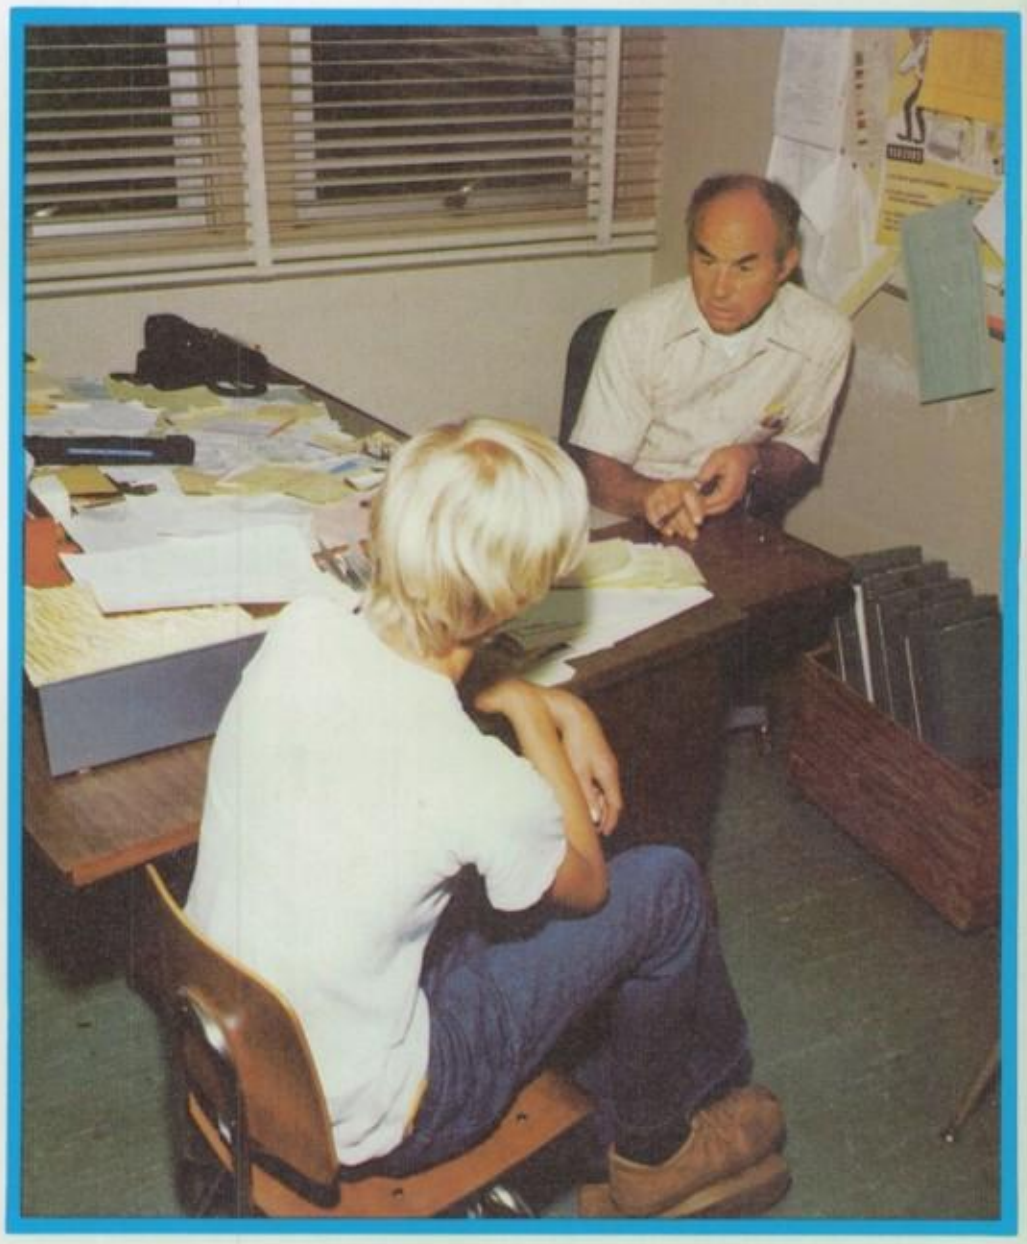


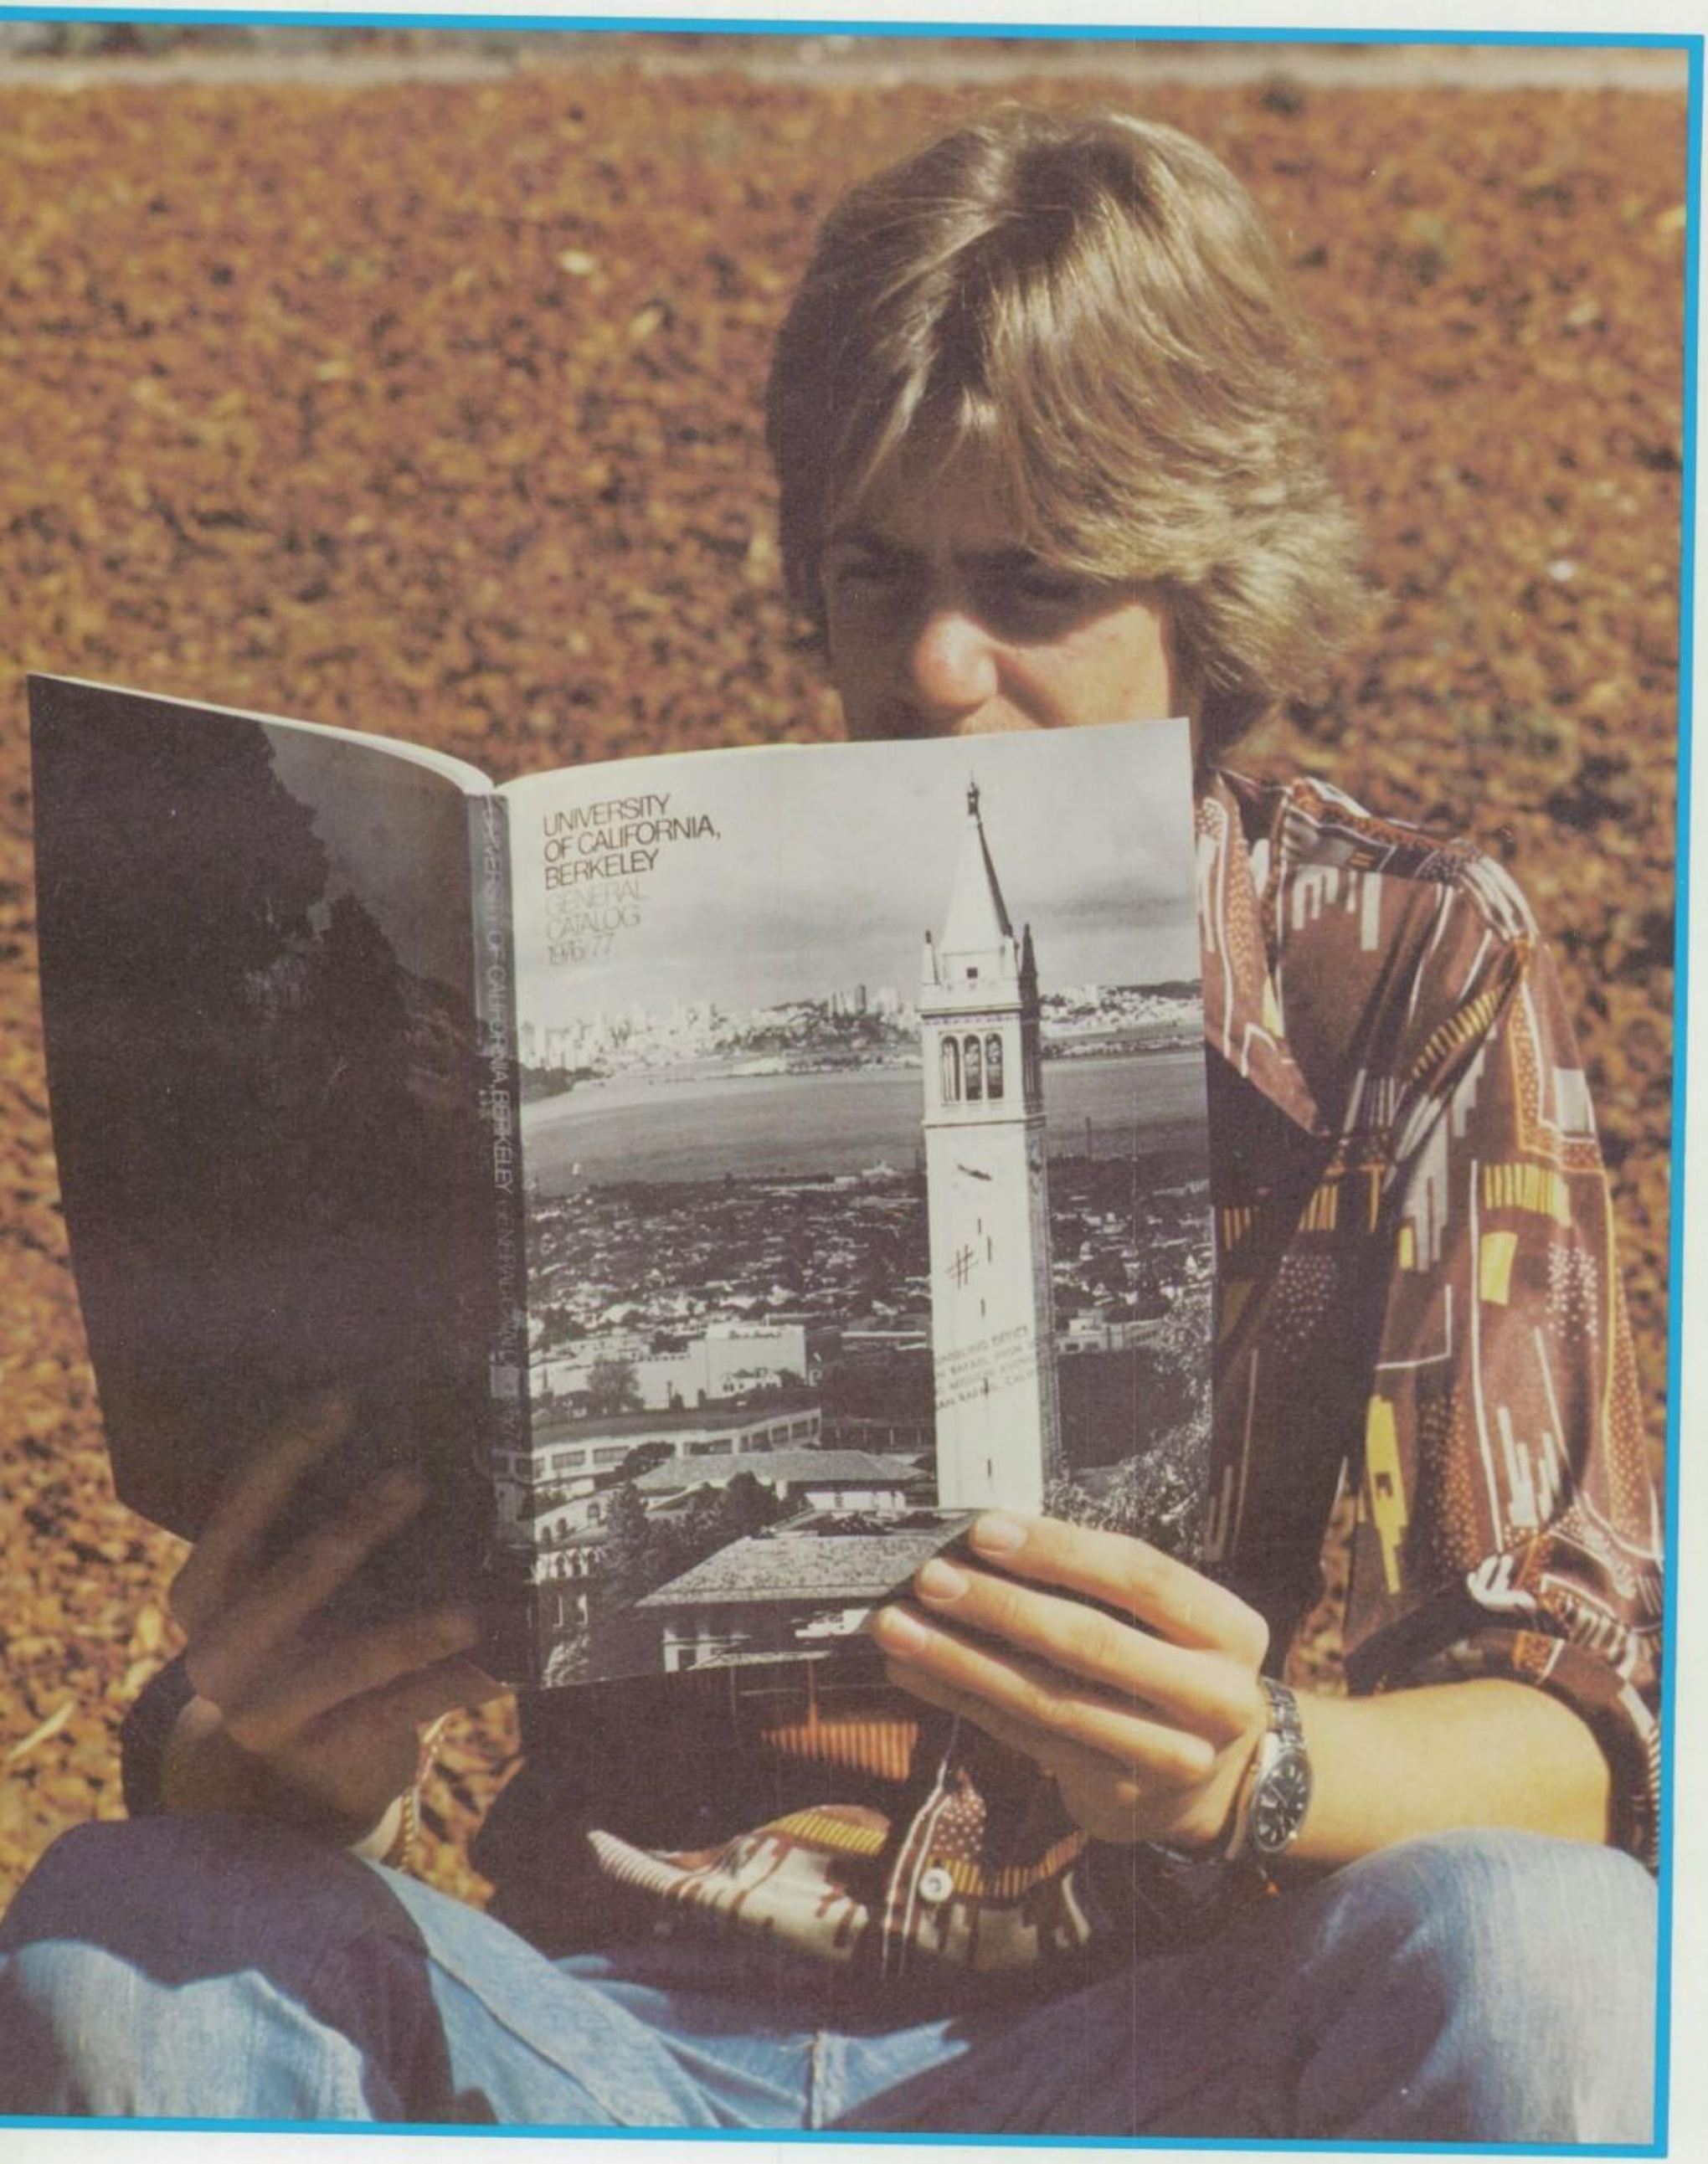
SAN RAFAEL
83
SAN RAFAEL
7
SAN RAFAEL
13

Our hopes and dreams are that we will stand out as someone special with meaningful contributions to give to those around us.

The hope for some that even if they don't attend college they will continue to learn throughout their lives. For others college will help them mature and grow.



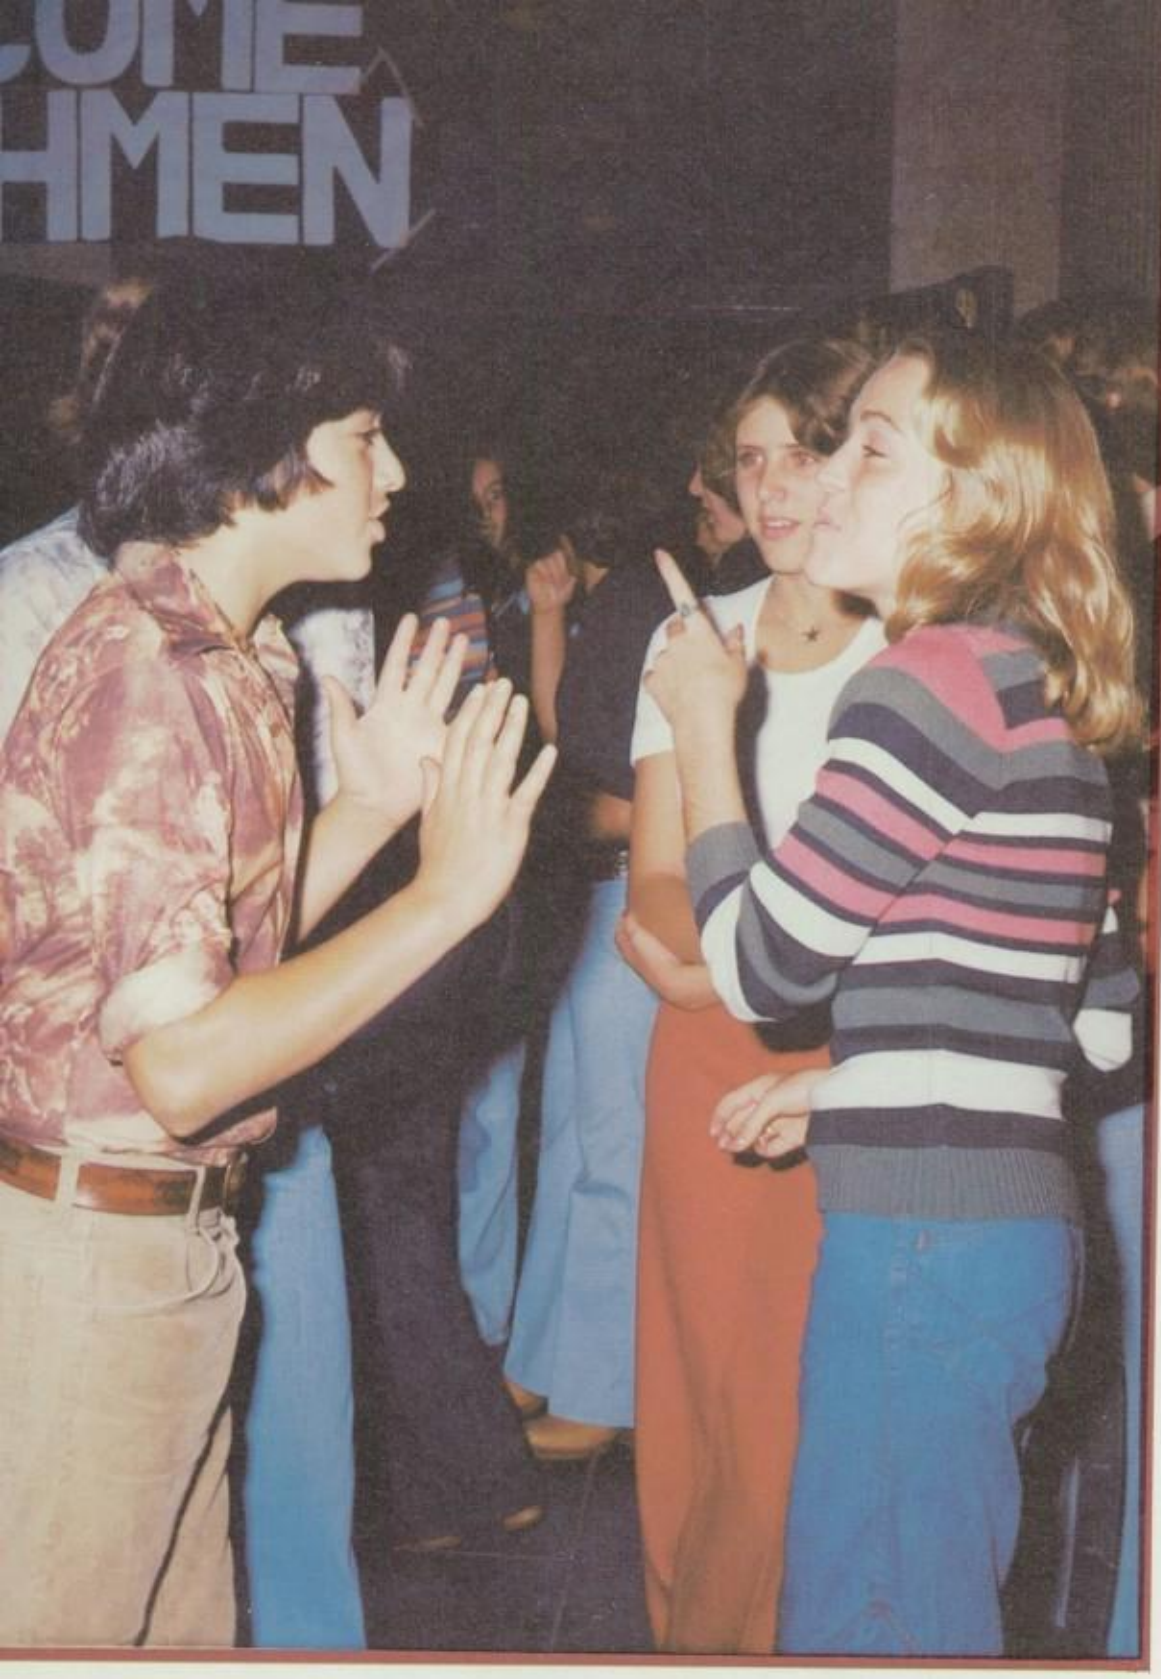




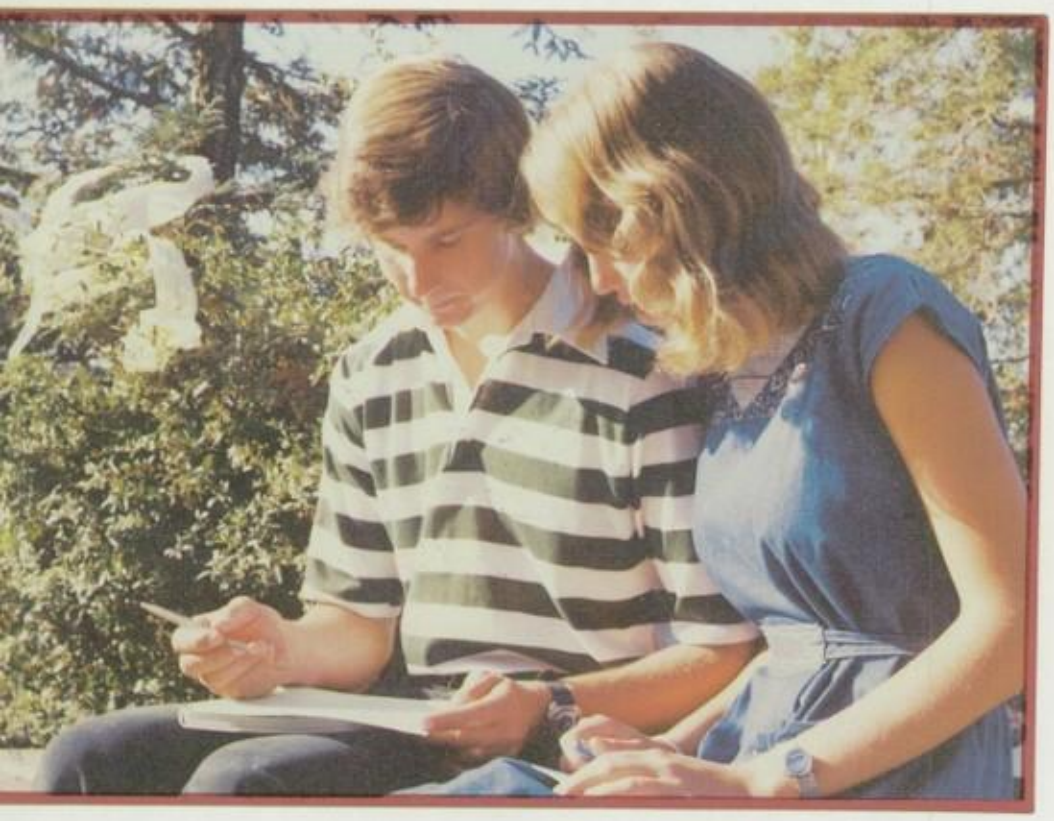
UNIVERSITY
OF CALIFORNIA,
BERKELEY
GENERAL
CATALOG
1976-77

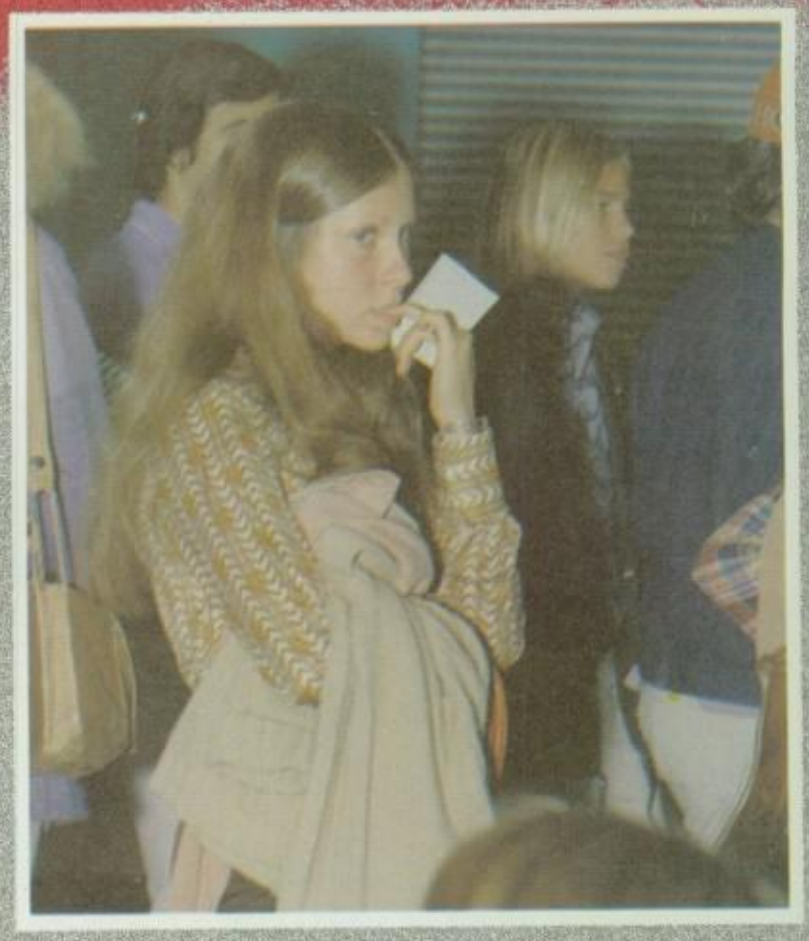
A dream that the things we do will make us better individuals and the hope that if nothing else, we will live up to the standards that we set for ourselves.

A dream to share special moments with someone, or by just being with someone have the moments become special.



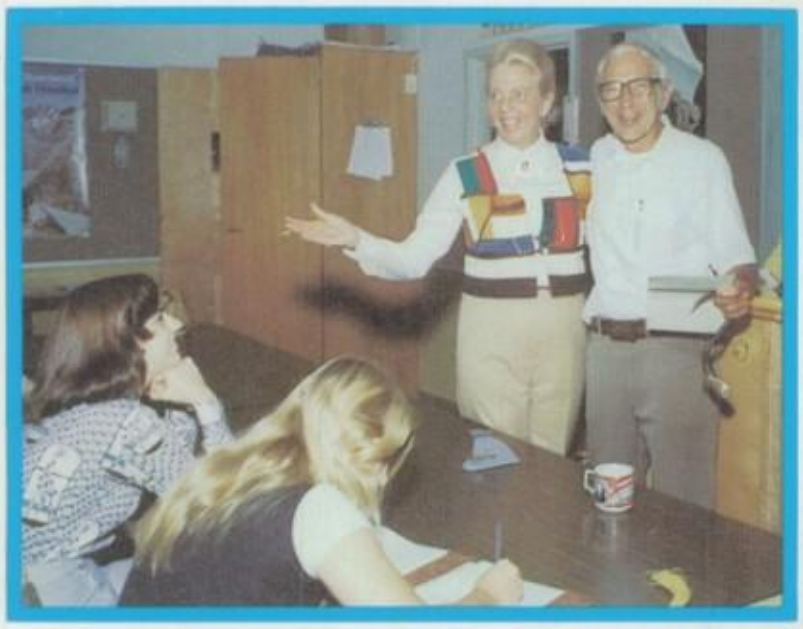
COME
HMEN

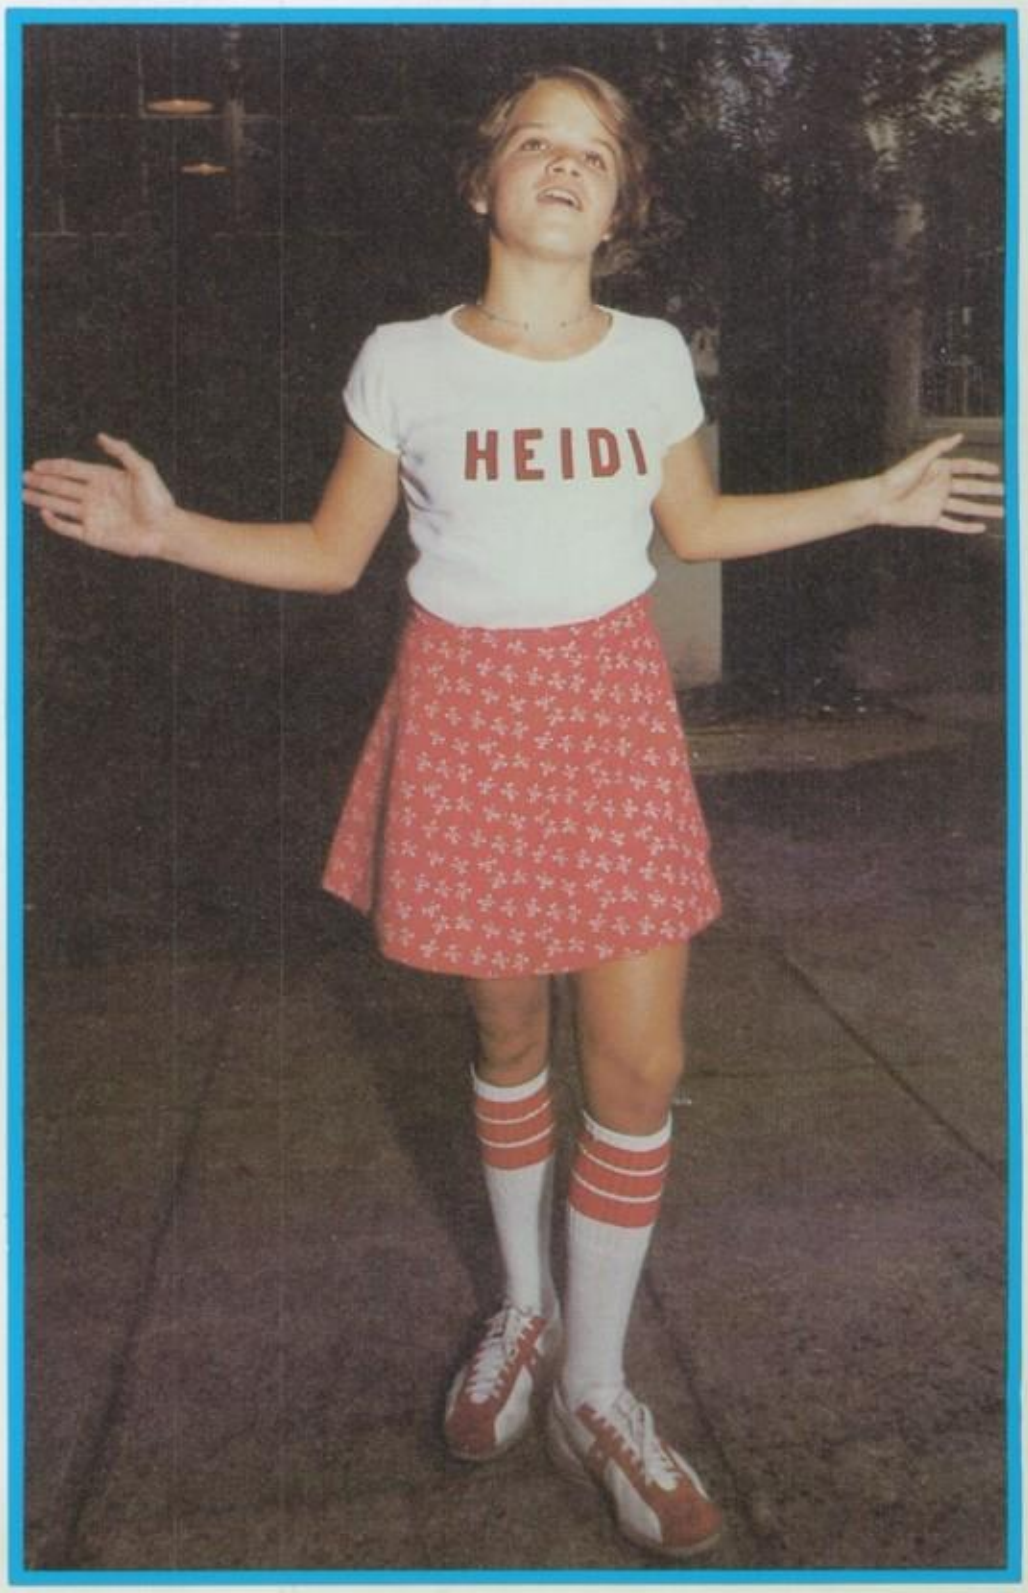


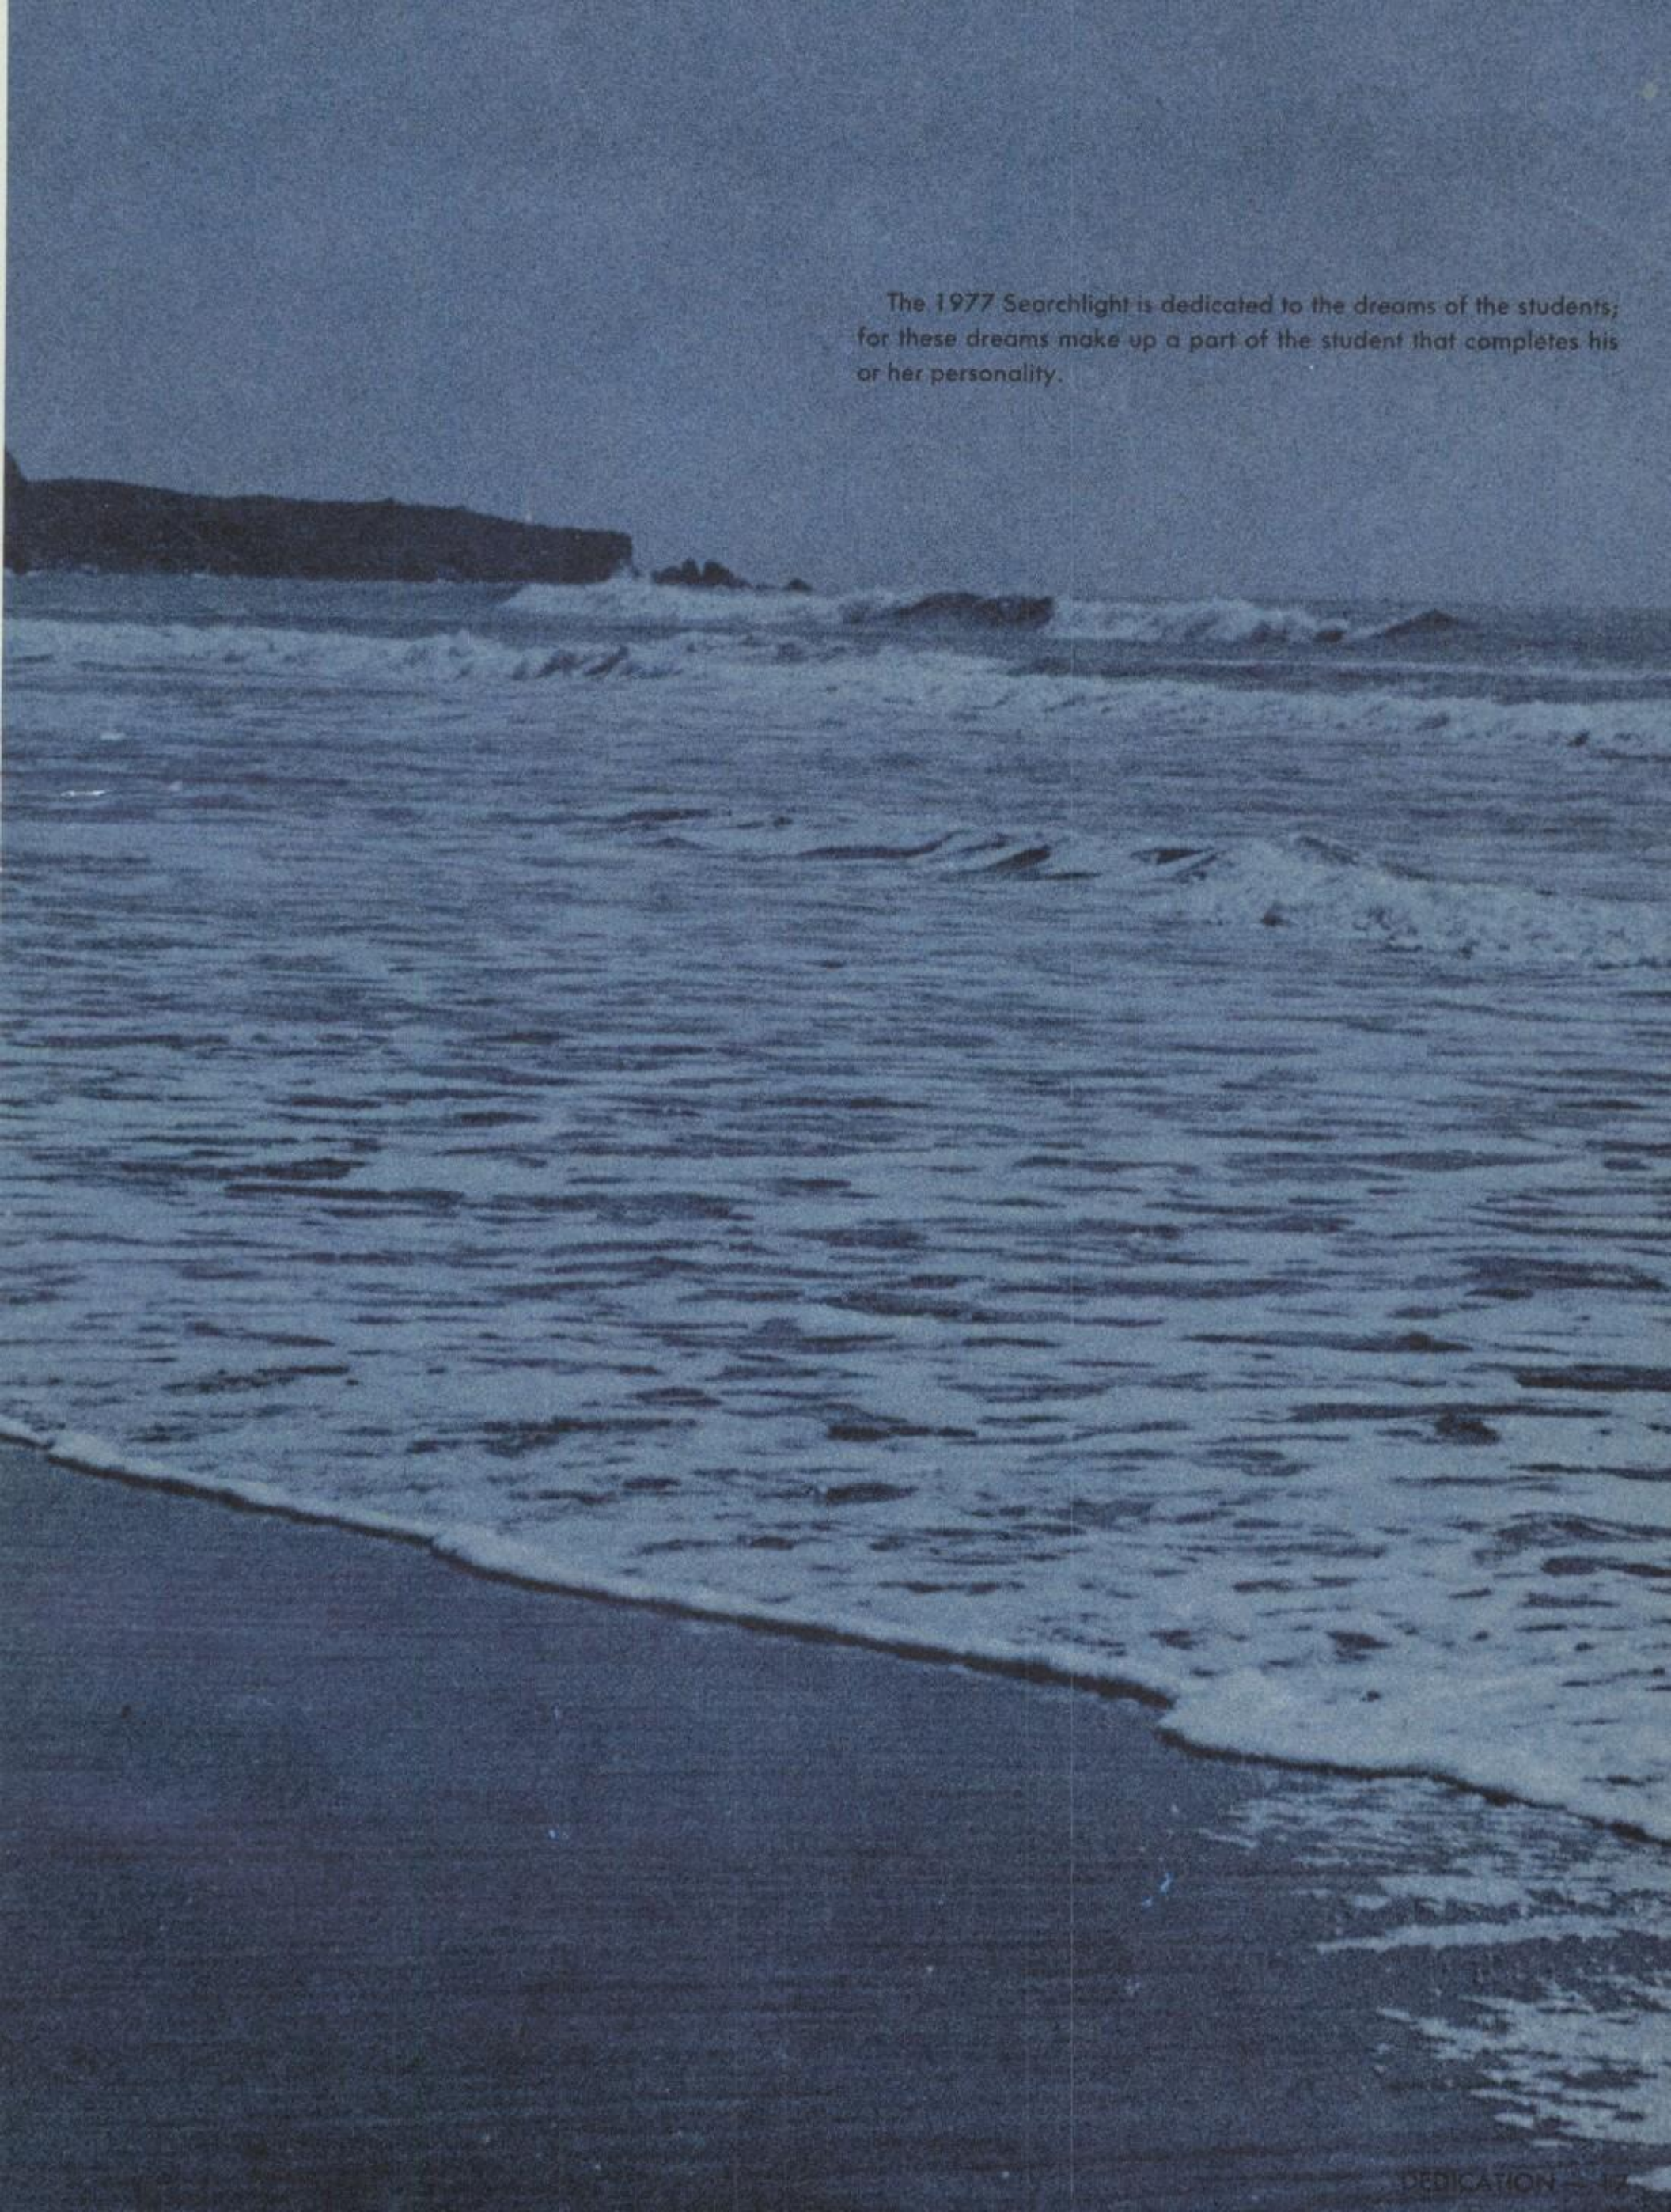


Our hope that the happiness we create for ourselves compensates for the disappointments we must face later on in life, and that we never lose the ability to dream.

The assurance that if some of our dreams come true, it will bring us pleasure, for there is always tomorrow.



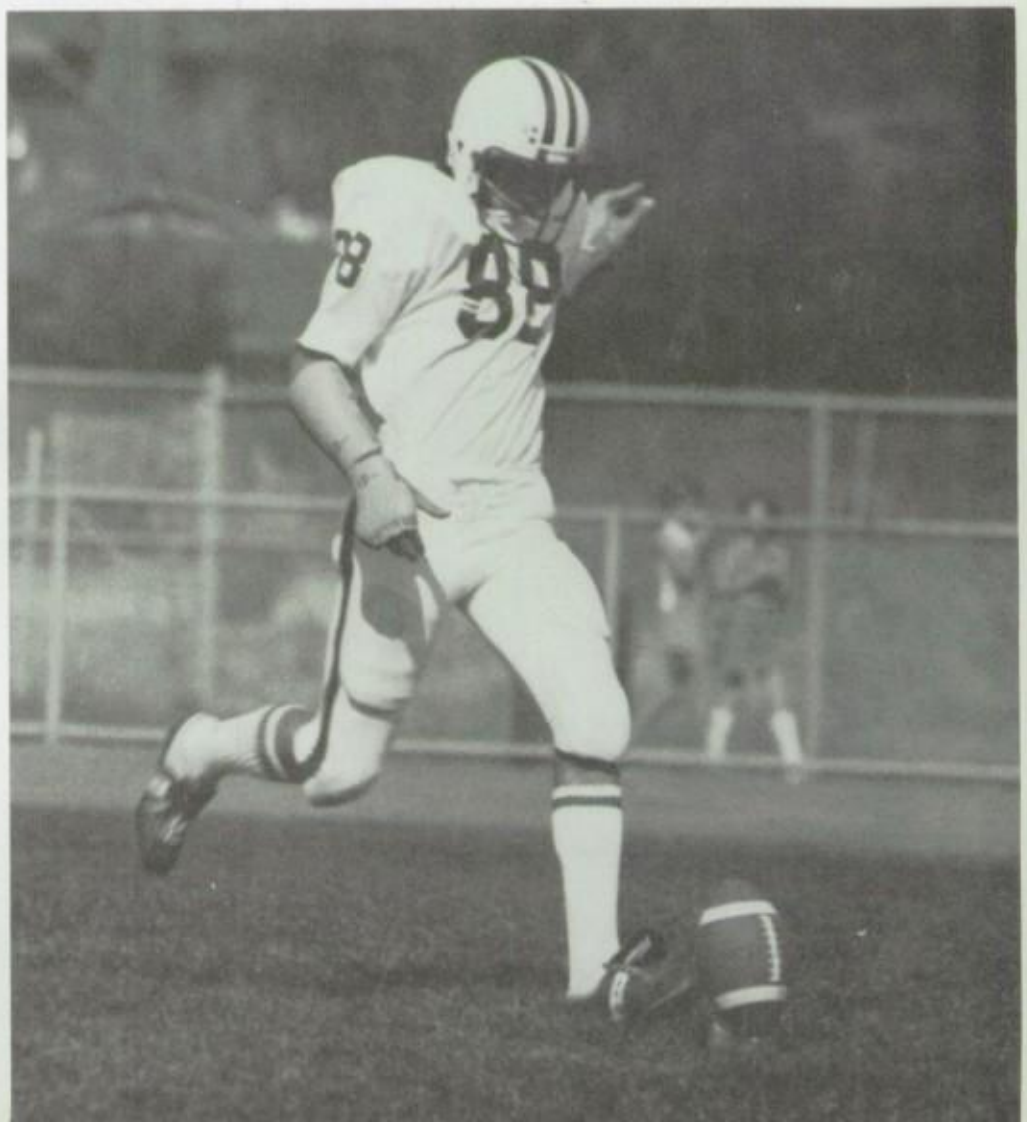




The 1977 Searchlight is dedicated to the dreams of the students; for these dreams make up a part of the student that completes his or her personality.

Brighter Tomorrow

The senior year is bright with dreams for the future. The promise of college or a job lightens up the pressures of being a senior and the burdens of final exams. The hope that after they're out of school they will make new friends to help them through life. As the end of the school year arrives the dreams of their brighter tomorrows are reflected in the faces of graduating seniors.



Angie,
I really enjoyed knowing you and I will continue. Enjoy your senior year. As for your summer have a great one. I hope to see you around. Love

Your friend
Margie Edson

P.S. That's me!

WHAT DO YOU LIKE MOST ABOUT SAN RAFAEL HIGH?

"The people, some you meet are friendly and considerate. I like the activities that go on here like dressing up in crazy costumes. Also, the Christmas Fair."

Lourdes Ramirez

"I like the fact that people can do mostly what they want to without being bothered by others. There seem to be few — if — any outcasts who are picked on and put down. I think that most people realize that everyone is different."

Dan Fritz

"The staff. San Rafael has a terrific teaching staff in all areas; they present the best approach to learning in their field of teaching."

WHAT DO YOU LIKE MOST ABOUT SAN RAFAEL HIGH?

"The people at S.R.H.S. The teachers are so nice and you can really get close to them. They're more like friends than just teachers. Once you get to know the people here they're so neat. Growth

Students grow with each passing day. Each time a new experience is encountered, a strengthening of maturity occurs. From the time students become Freshmen, dreams of being Seniors tantalize them. Their lives grow and encompass more as each year passes.

Through all of these changes the teachers of San Rafael High remain a determining factor. They never cease to grow and expand their knowledge and awareness which they pass on to their students to complete the circle of growth.

Et Que Vous Dire?

Je lis sa lettre avec des larmes dans mes yeux,

Sa lettre où dit un aveu delicieux,

Peut-être que sa lèvre innocente a souri?

Peut-être qu'il est très joyeux et qu'il oublie?

Et je relis sa lettre avec mélancolie,

Il apparait souriant à mes yeux.

J'ai presque peur en vérité,

Tant je sens ma vie oubliée

A la brillante pensée

Qui m'a vole l'esprit, l'autre été.

Plongée dans ce bonheur suprême.

De vous dire que je vous aime . . .

Et je tremble — pardonnez-moi,

D'ainsi franchement vous le dire

A penser un mot, un sourire,

Et que vous dire?

Day in,
Day out,
Trying to look hip,
Being one of the clique,
Always in doubt -
Is this what its really
all about ?

Guess so,
Look around,
Everyone,
Standing by the first person
they've found.

What a terrible pressure,
To think,
You might one day
be caught,
Standing alone out there,
Does anyone really care ?

No,
it's your own fear of being
alone.

The Cell

I sat
Staring at a blanketed room
Silvery shadows hiding
reality
Intense gloom
penetrated my thoughts
exposing my weaknesses
and the indecent pattern
of my crazed mind
Ending all hope
Enguifing the sorrow
of my tortured soul
I sat
Destiny gawking me in the face
Slapping me
without mercy
I knew
I accepted
And in the acknowledgement
of my fate,
I sat
Staring at a blanketed room.

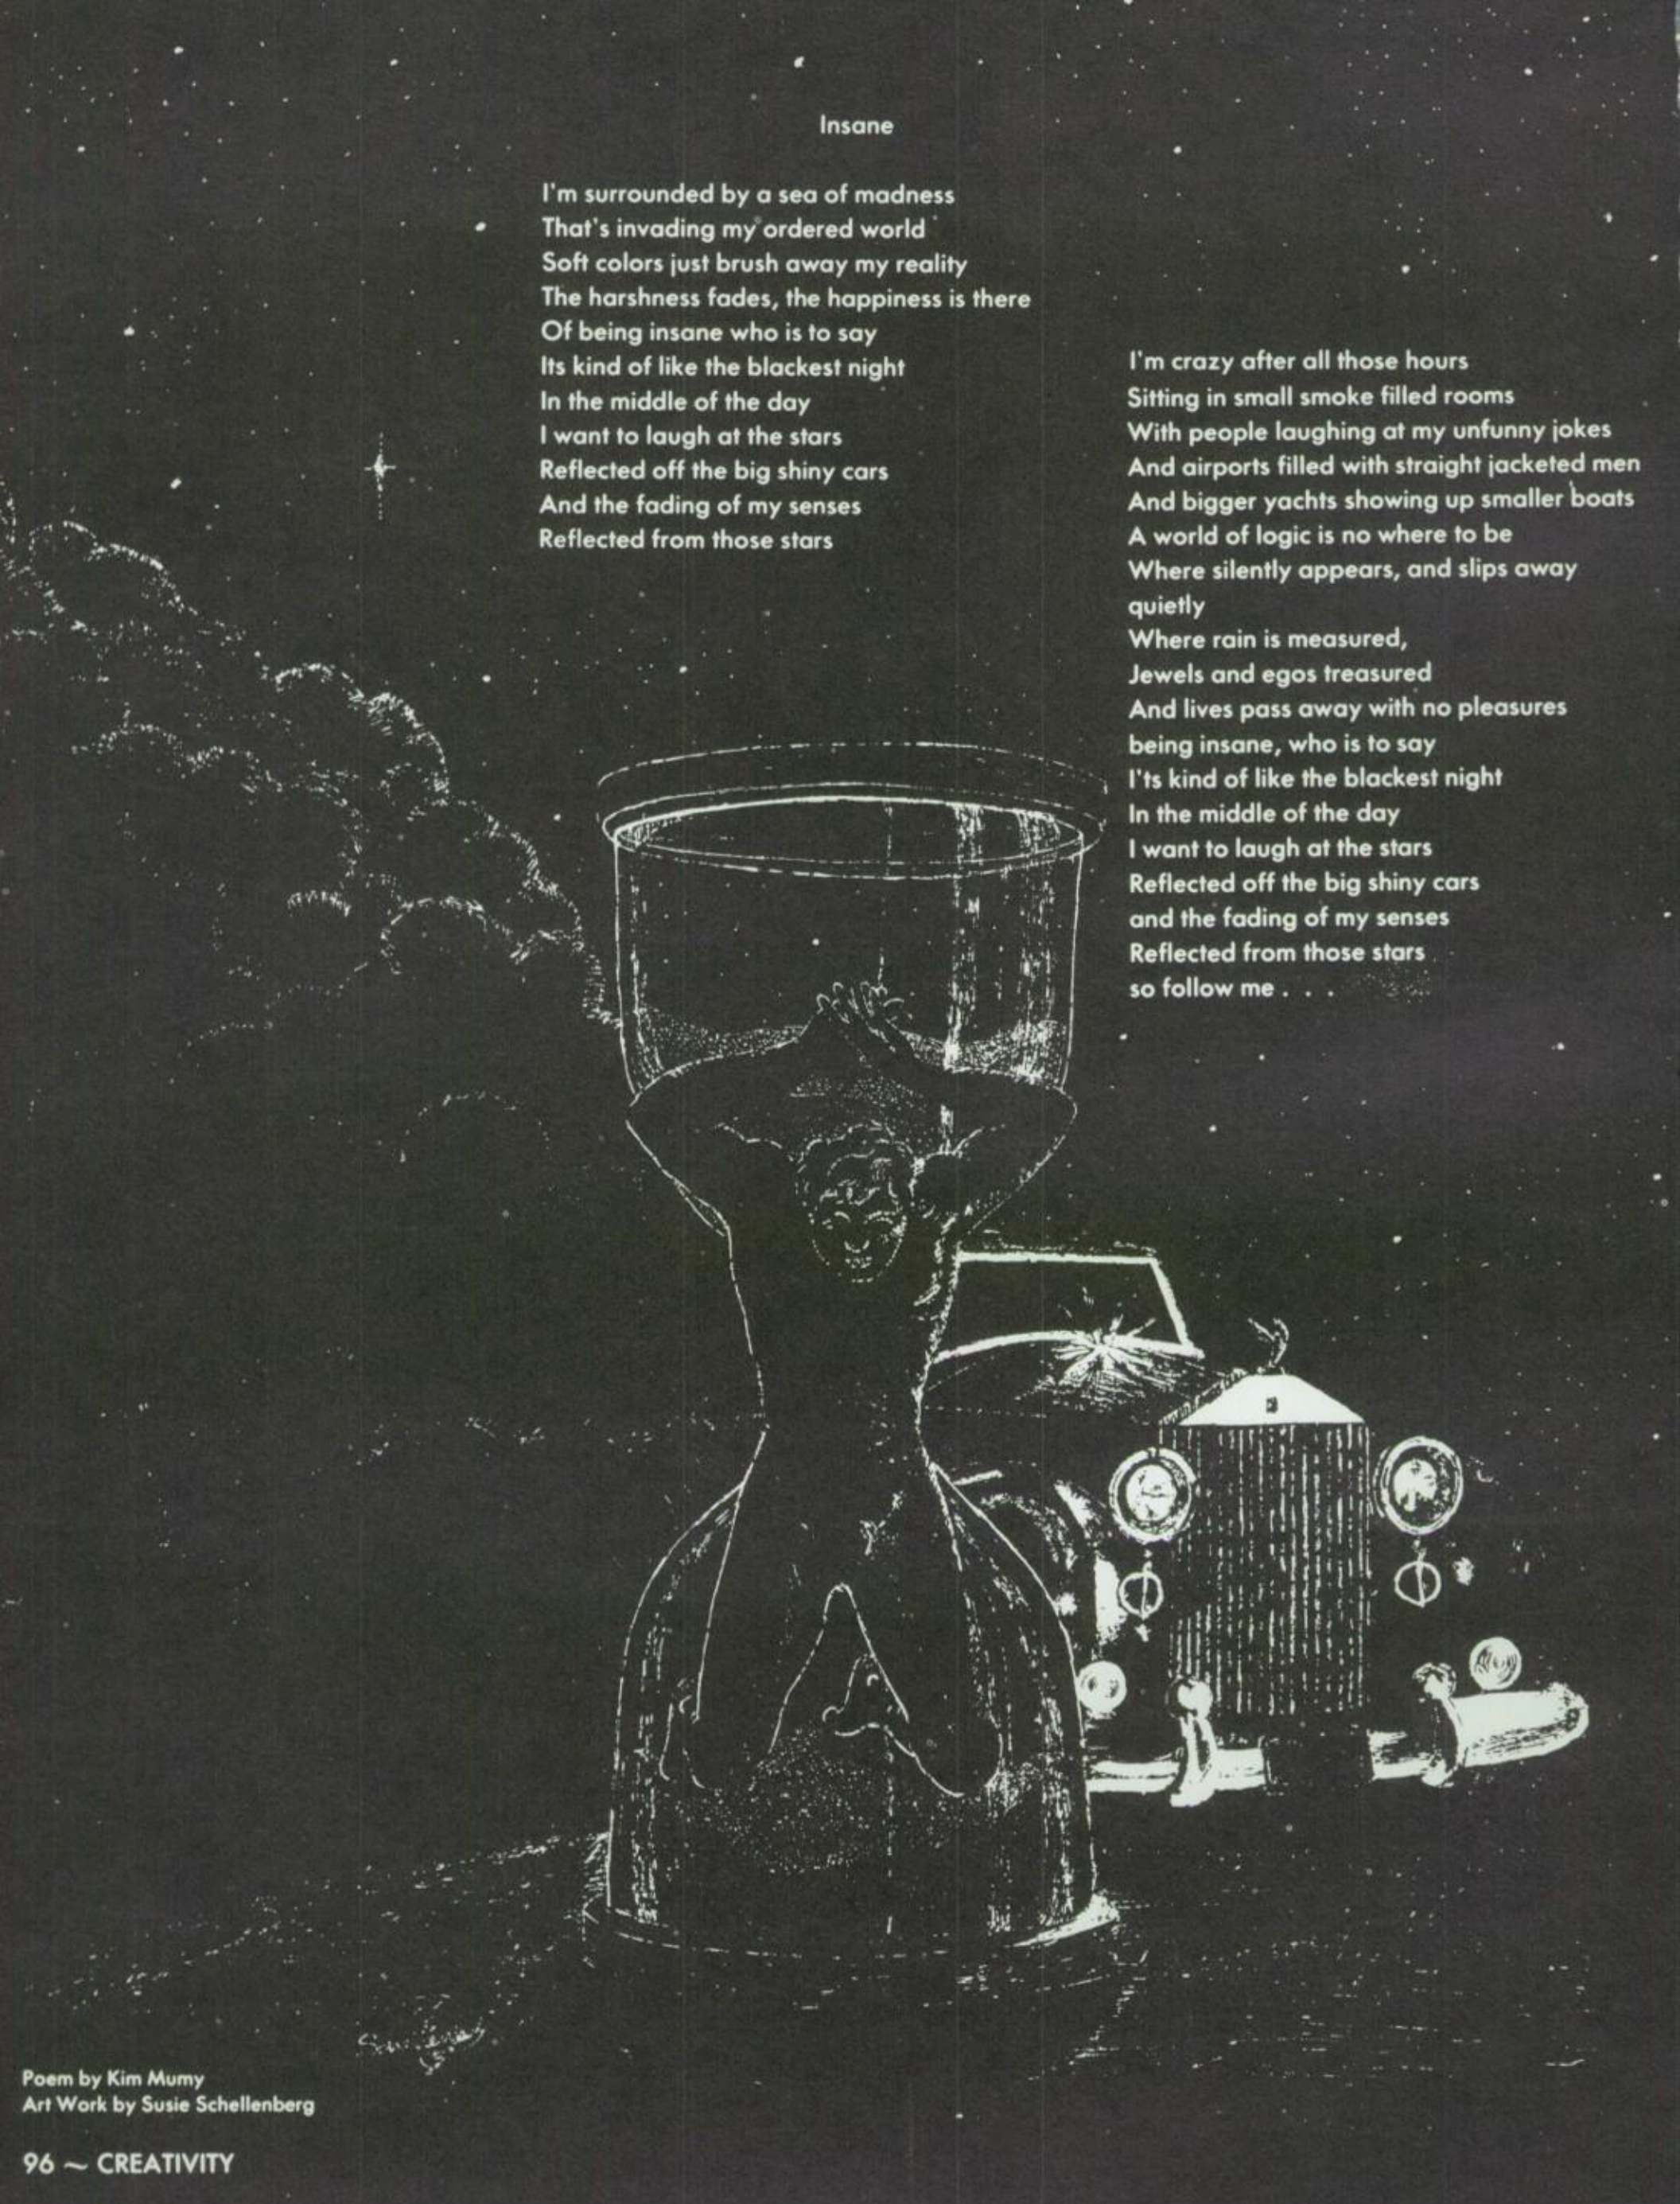
Drawing by Brad Melmon

Insane

I'm surrounded by a sea of madness
That's invading my ordered world
Soft colors just brush away my reality
The harshness fades, the happiness is there
Of being insane who is to say
Its kind of like the blackest night
In the middle of the day
I want to laugh at the stars
Reflected off the big shiny cars
And the fading of my senses
Reflected from those stars

I'm crazy after all those hours
Sitting in small smoke filled rooms
With people laughing at my unfunny jokes
And airports filled with straight jacketed men
And bigger yachts showing up smaller boats
A world of logic is no where to be
Where silently appears, and slips away
quietly
Where rain is measured,
Jewels and egos treasured
And lives pass away with no pleasures
being insane, who is to say
I'ts kind of like the blackest night
In the middle of the day
I want to laugh at the stars
Reflected off the big shiny cars
and the fading of my senses
Reflected from those stars
so follow me . . .



Poem by Kim Mumy
Art Work by Susie Schellenberg

When things go wrong, as they
sometimes will,
When the road you trudge seems all uphill.
When the funds are low and the debts are high,
And you want to smile, but you
have to sigh,
When care is pressing you down a bit —
Rest if you must, b t don't quit.

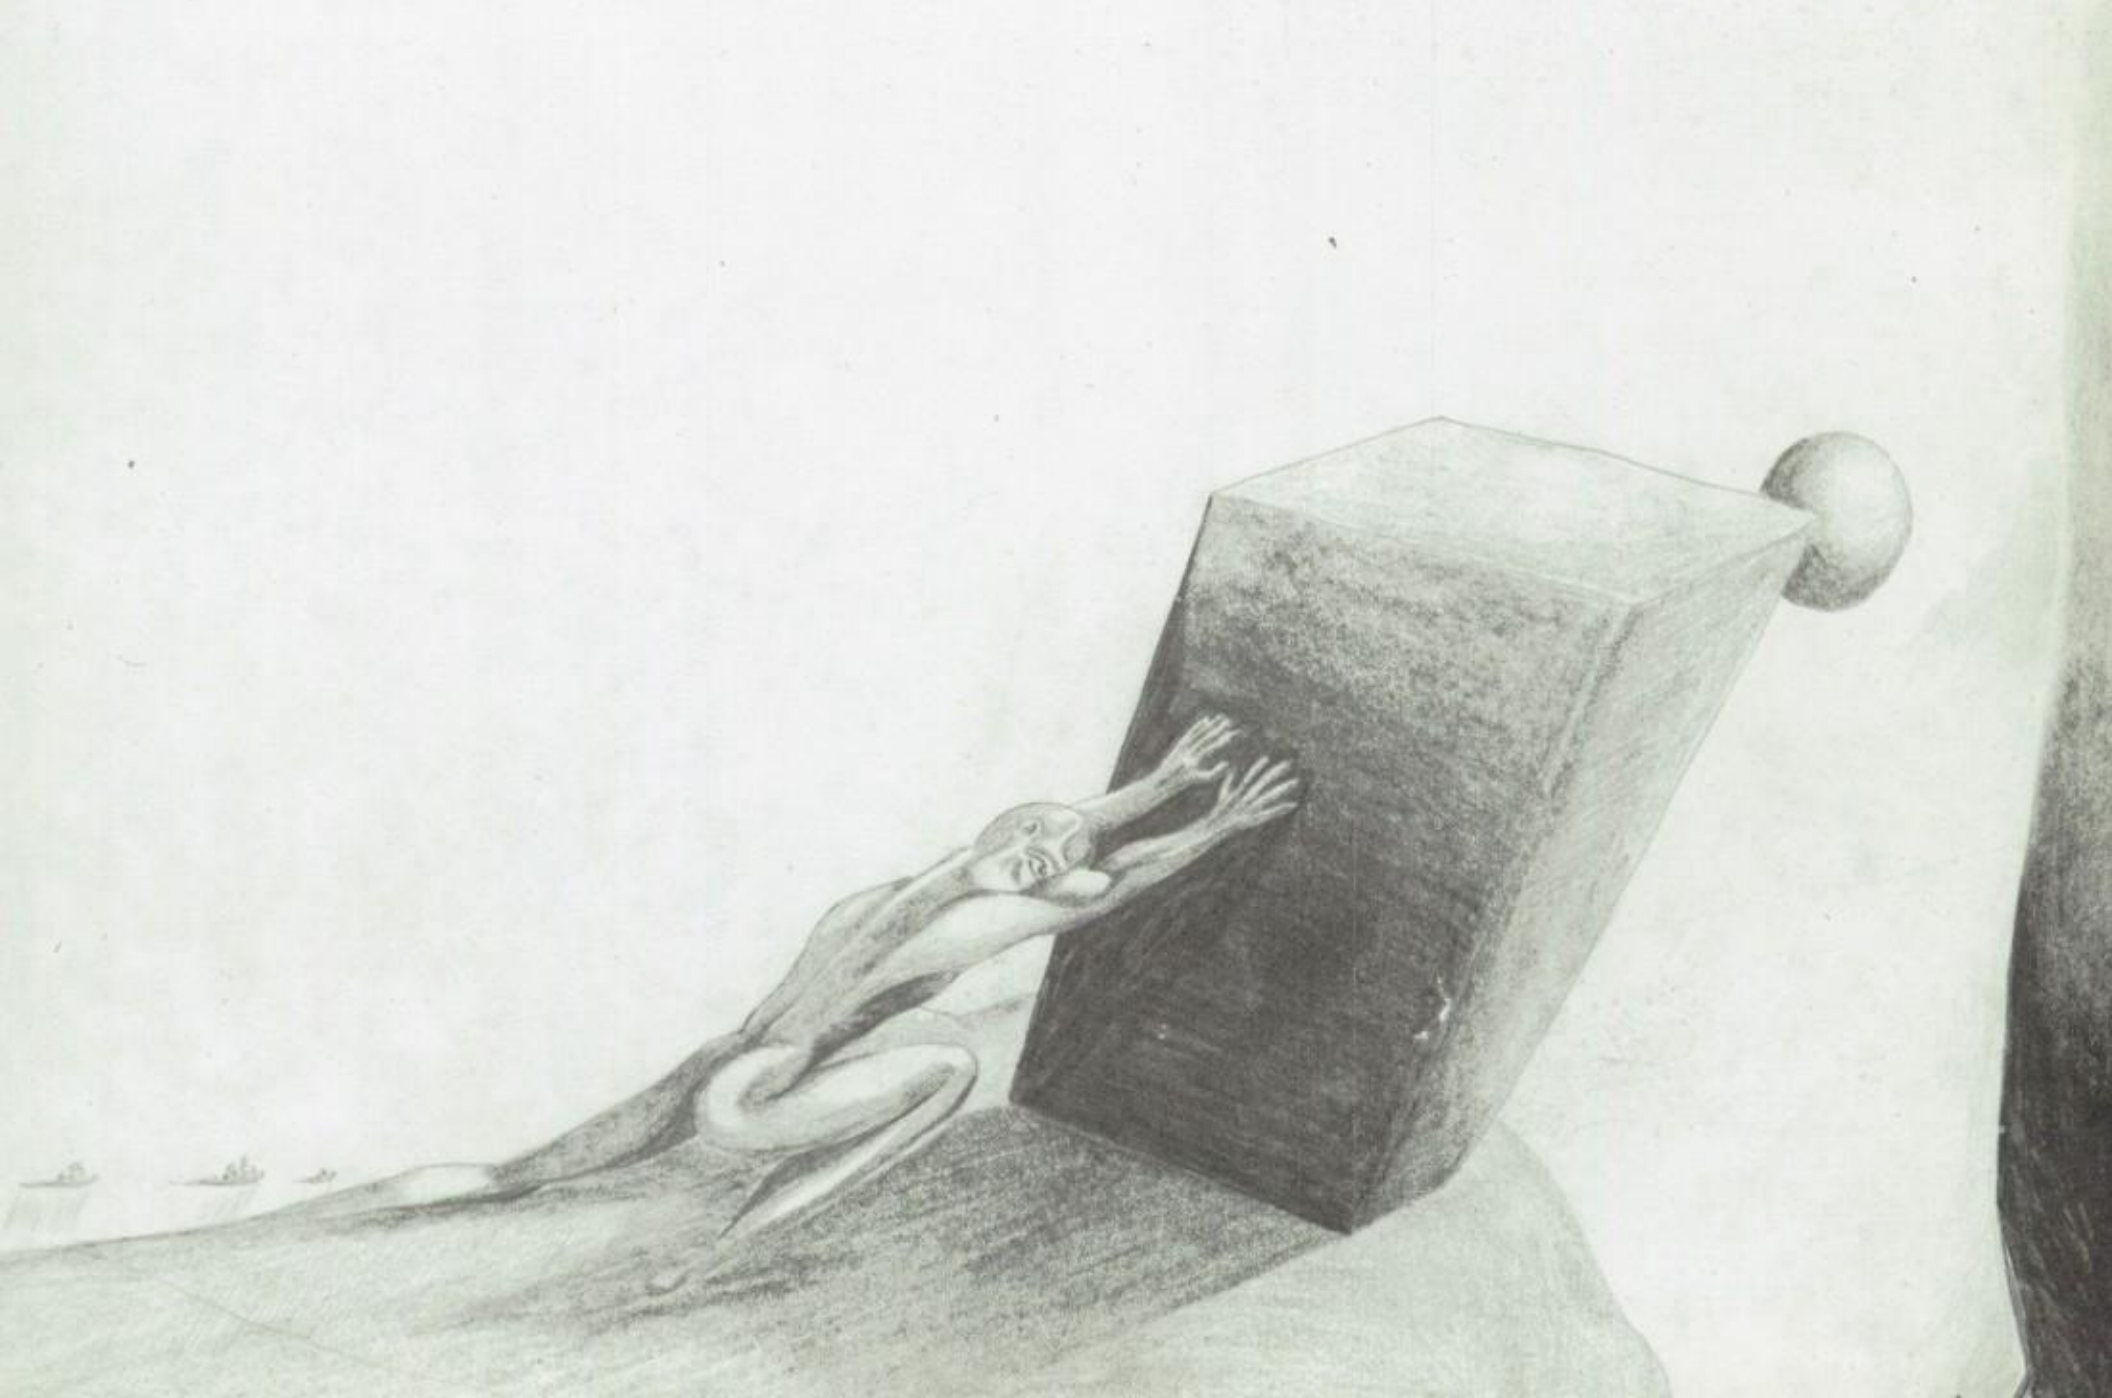
Life is queer with its twists and turns,
As everyone of us sometimes learns,
And many a fellow turns about
When he might have won had he
stuck it out.
Don't give up though the pace seems
slow —
You may succeed with another blow.

Often the goal is nearer than it seems
to a faint and faltering man;

Often the struggler has given up
When he might have captured the
victor's cup;
He learned to late when the
night came down,
How close he came to the golden crown.

Success is failure turned inside out —
The silver tint of the clouds of doubt,
You never can tell how close you

are,
It may be near when it seems afar;
So stick to the fight when you're
hardest hit, —
It's when things seem worst that
you mustn't quit.



The teachers of San Rafael High School are highly trained professionals dedicated to instilling knowledge and moral values into the student. While their endeavors may not always be wholly successful their contributions to society through the school can be read in the high standards of today's youth.

School Board

a. Superintendent of schools; Donald E. Leisey.

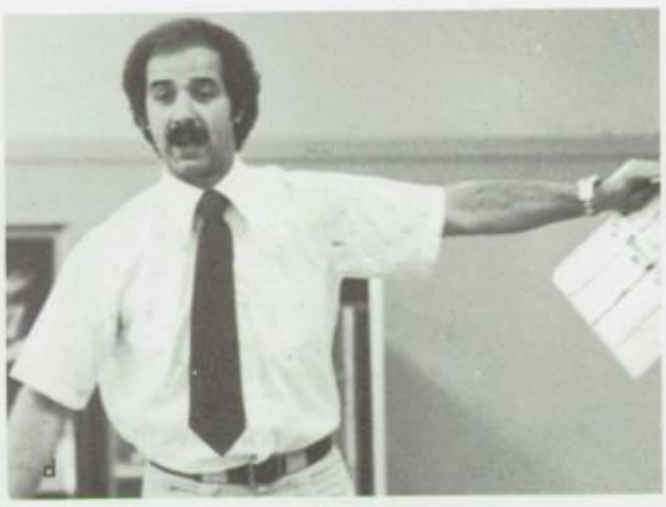
b. Kathy Mitchel, San Rafael High's student representative, Superintendent Leisey and Board members Suzanne Beittel and Frank Kelly discuss student attitudes at a Board meeting.

Administration

It is usually agreed that a yearbook is primarily for the students in the graduating class of the year it is published. This is certainly an appropriate attitude. The Searchlight, however, is much more than that — it is an annual publication that documents all of the worthy happenings of the school year.

It is my desire that your experiences at San Rafael High School will have made a significant contribution to your happiness and success in life, and as you look at this book in the future, you will be proud to have taken part in the grand traditions of this school. Good luck.

Stephen P. Collins, Principal
San Rafael High School



c. This is Steve Collins' first year as principal of San Rafael High and we wish him the best of luck.
d. Joe Brighenti explains the problems of student programming in a faculty meeting.
e. This is Diane Pico's first year as a part of our administration. She is serving as Director of Student Activities.
f. John Donovan, assistant Principal, reclines during a brief respite in his schedule.
g. As one of our assistant Principals, Dan Thorner's duties include occasionally substituting for an absent teacher.

Counselors

At this time of the year we feel both pleased and happy that so many of you will be going on to greater challenges, and sadded by the fact that we will no longer see familiar faces with whom we have shared so much. One particular face with whom we have shared so much is Mrs. Porobich, who is retiring this year after 25 years with San Rafael High.

Whatever you do, we hope you will do it with dignity, a sense of what your life will mean to your own personal growth and to those who will be affected by what you do. And, hopefully, you will continue to pursue the personal values that come from understanding and enrich your life by the continuance of your education. To all of you, including those who will still be with us and Mrs. Porobich, we extend our warmest and best wishes for a successful year ahead.

c. Margaret Smetana, who also teaches Health Ed, has time to talk to a student about educational or social problems.
d. Milton Hain is always willing to spend time ironing out a student's programming problems.
e. A firm believer in furthering education, Peg Scott has informed many a student of California's Scholarship system.
f. The students of San Rafael High wish to thank Claire Porobich, who retires this year, for her many years of dedicated service.

Office Staff

Flat tires and alarms that malfunction lend a grandness to tardiness. Grave illnesses and the common cold fill our days and sleepless nights. Phone calls, messages, parent inquires, appointments, U.S. mail, forged notes, admits, attendance cards, ill students, entering students, students to be dropped, program changes, hand ringing the bells, fire drills, first-cuffs, accidents, lockers, lost and found, supplies, deliveries, and a myriad of other exciting things have made us what we are . . . BEAUTIFUL!

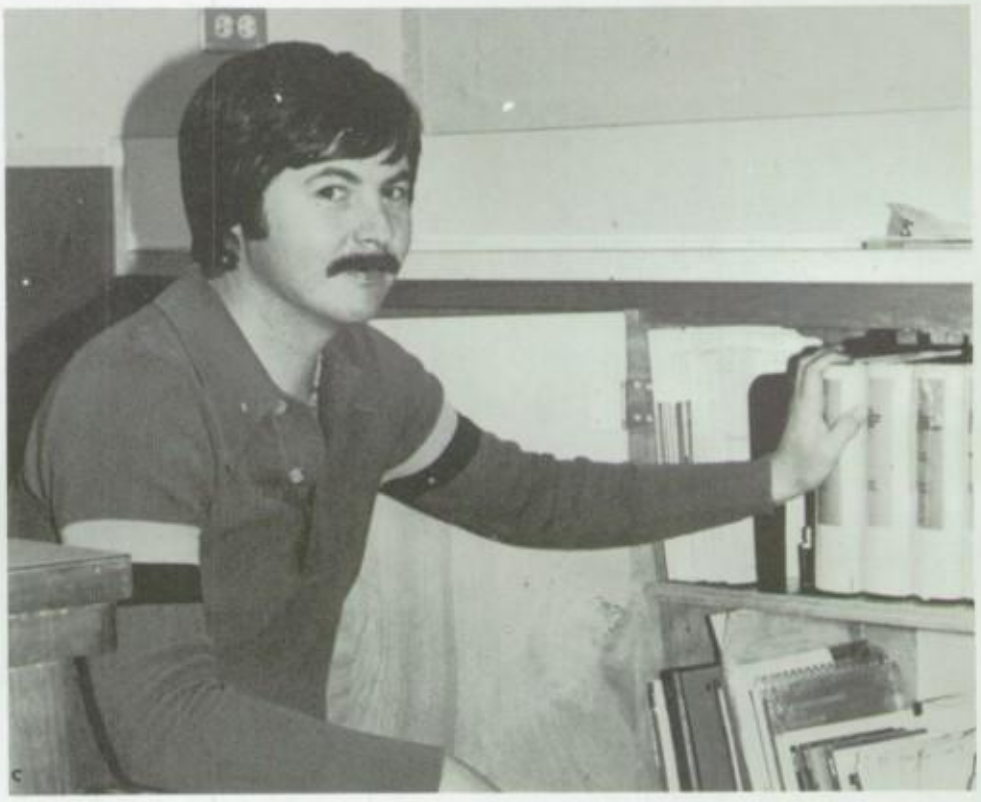
Special Services

Certainly the people employed by San Rafael High under the heading of Special Services don't get the credit or recognition they deserve. Can you imagine where San Rafael High would be if there were no one to perk us up physically or emotionally, provide us with the resources we need to go beyond the classroom walls, and clean up after us? The San Rafael Searchlight thanks these dedicated people for the great job they have done to keep the school running smoothly.



a. Dorothy Edwards, School Nurse, knows that a little love and some rubbing alcohol can go a long way.
b. Jacqueline Kelly, School Psychologist, provides a soothing hand when needed.

g. Charles Freeman, Librarian, provides peace and efficiency to a library surrounded by chaos.
h. Marie Garbutt, and Dean Coman, Mr. Freeman's right hand persons, help students help themselves.

Physical Education

The Physical Education staff at San Rafael can be proud of its extended efforts to provide a good physical education program with a broad variety of truely elective activities to Sophomores, Juniors and Seniors. It has also worked hard to develop a good Frosh core with many different exposures. Students have generaly reacted quite well despite major cut-backs in staffing, greatly increased class loads, furnishing their own locks and the loss of district towel services.

a. Marcia Arevelo teaches students how to fly without wings.
b. Bill Monti, known to students as "Barnacle Bill," gets wrapped up in his work.
c. Gaylord Quandt . . . an involved spectator.
d. Penny Wolan brightens up any monotonous day with her cheerful spirit.
e. Bill Ranney, the only fish to climb above the clouds, rests atop the challenging peaks of San Rafael High.

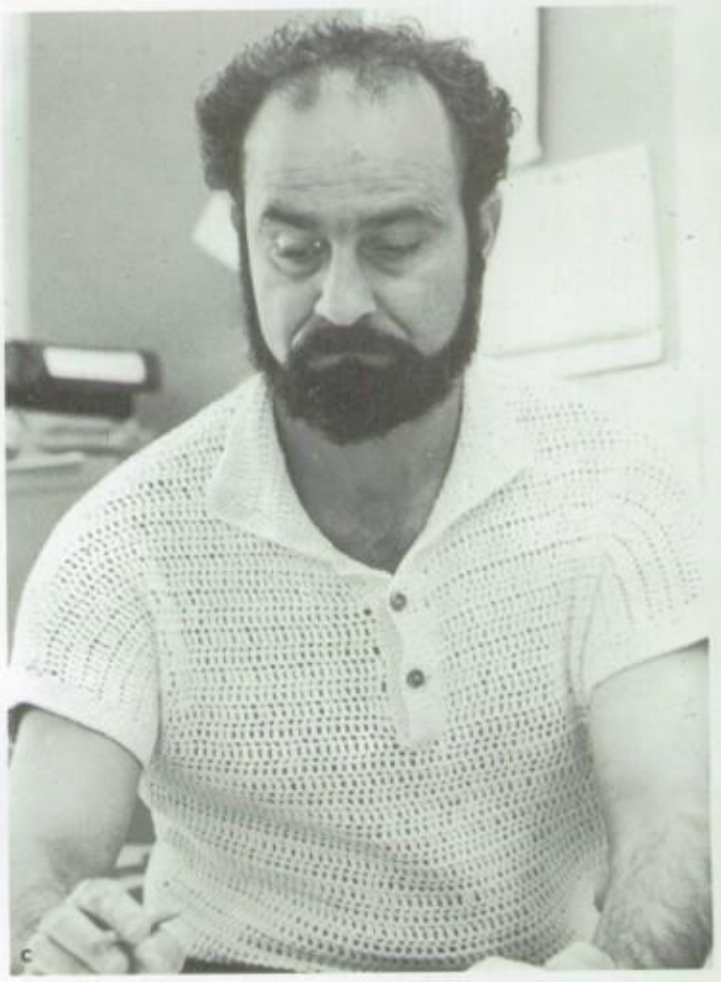
f. Dave Wylie keeps his eyes on the ball.
g. Marsha Simpson enlivens any volleyball game.
h. Sherry Rossi encorporates grammar and muscle into each day.
i. Linda Kee strengthens bodies and friendships.
j. Bob Muster endorses the "Do as I say not as I do" rule.
k. Don Rodrigo endures another long hard day.

Social Studies

The Social Studies Department deals with a diversity of subjects from Government and California History to Psychology. Because of this diversity, our department offers one of the most interesting and varied programs to be found in the school.

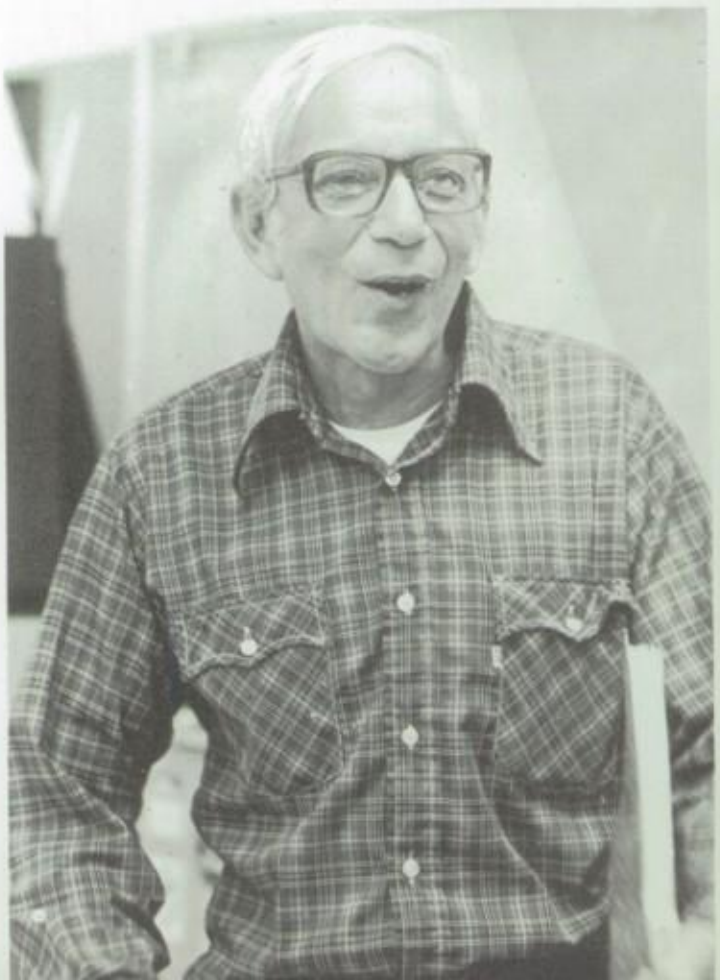
Its goals are many and change as applied to the various classes but, generally we wish to develop an interest in and an understanding of Man as he struggles to find meaning in his existence and value in his daily life . . .

"Man is nothing but what he makes out of himself."
Albert Camus.



a. Margaret Tierney welcomes her 5th period Social Studies class with a smile.
b. Virginia Franklin referees a debate between her Government class and a City Councilor.
c. Angello Douvos, Social Studies department head, reviews his teaching plan for his Youth and the Law classes.
d. Mike Diaz speaks animatedly of World History in his 2nd period class.
e. Alan Barahal adds a touch of wry humor to his psychology classes.

Not pictured: Ada Fitzsimmons brings life to the Conquistador's California in her California History class.



Music

We in the Music Department are very fortunate in having such a great group of students with whom to work. Unlike most teachers, we have many of these young musicians for their entire four years at San Rafael even though most are very active in other endeavors. It is quite rewarding to see the changes and growth that takes place.

To you all, thank you for making 1976-77 a very good year.

f. Hugo Rinaldi, concert band leader, accompanies a student on the piano.
g. Charlene Lusk conducts her 2nd period symphonic band through thick and thin.
h. Byron Jones, Music Department Chairperson, also leads the San Rafael High Acapella Choir.
i. Morse Byer discusses constitutional law, a favorite subject in his Government classes.
j. Walt Belden takes a coffee break between American Civilization and Psychology.

English

When the English teacher speaks about our language, the direction of English Curriculum, the movement of American English Education, and basic communication pertinent to contemporary educational conditions, many people hear us but too few listen.

b

c

a. Virginia Daws' personality hasn't been dulled by her new marital vows.
b. The fact that Beverly Beeler is a great English teacher has never been refuted.
c. Ron Arturi, Department Head or the Captain Ahab of English, discusses Hemingway, Puritan ethics and chess with his Juniors.
d. Robert Thomas introduces his students to PSATs, SATs, College Skills and the love of literature.

Foreign Language

The Foreign Language department devotes itself to helping students develop the art of learning: The delight of living.

a. Monica Nimeh transcends language with a universal smile.
b. Jessie Diffley, dept. head, stimulates her students to sweat intellectually.
c. Ed Cunningham fuses life into a dead language.
d. Robert Carrasco has devoted himself to sharing the language of his ancestors.
e. No hay palabra para describir el ambiente cariñoso que la señora Martinez crea para sus clases de español.
f. Marie Goff-Tuttle instills the Savoir-Faire of French culture in her students.

Home Economics

The goal of the Home Economics Program is to provide opportunities for personal development, the improvement of family membership, acceptance of community responsibility and for development of job related skills. It gives an opportunity for practical application of fundamental concepts learned in other subjects as well as family life experiences which will help each individual develop his potential for creative living.

g. Janis Gostlin, Department Head, wears clothes and smiles in style.
h. Linda Greenman knows the recipe for fun.
i. Martha Kleimo, typing teacher, offers a skill all teachers wished their students had.
j. In Mildred Manarolis' classes speed and accuracy are the keys to success.
k. Barbara Carman prepares her students for the everyday life of money management.

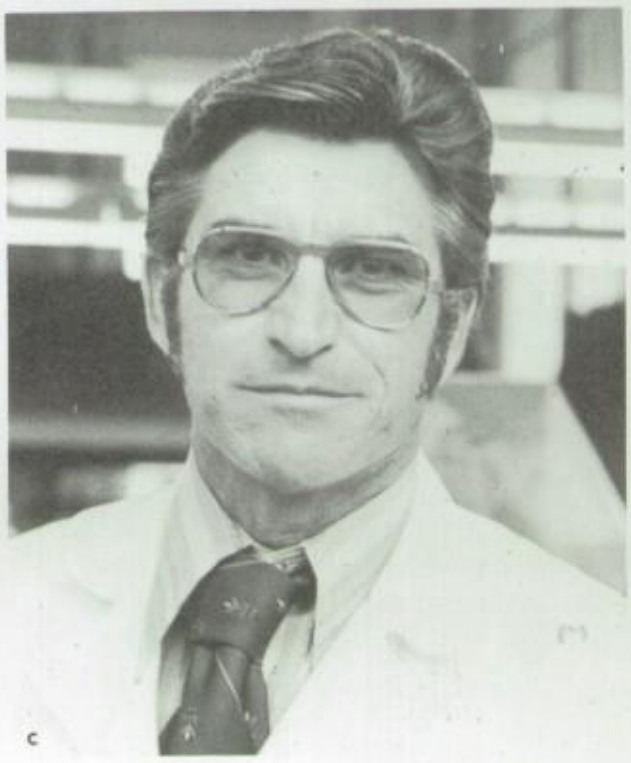
e. Health Ed. and Human Sexuality are among Arnold Mark's favorite subjects.
f. Larry Lack peers into the unknown.
g. We all know Al Mahood is smart but where, pray tell, did he take art?

Industrial Arts

The Industrial Arts Department offers you an opportunity to learn by doing. It can be very rewarding to build a tool box, make a table, draw a set of house plans, or repair your car. Our goal is to have you do these projects while learning industrial skills and applying math and science.

b

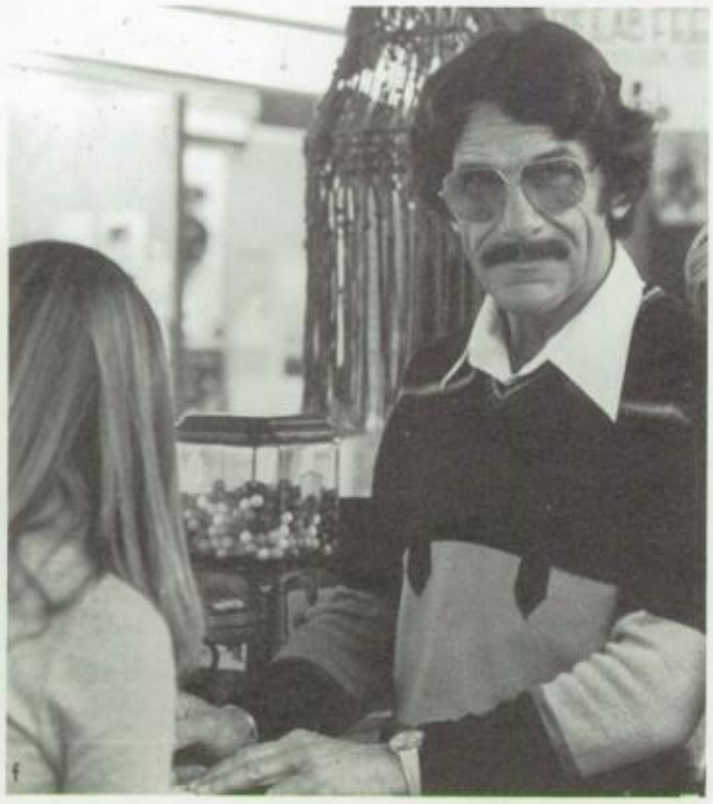


c

a. Head of the industrial arts department, Dick Grosser examines a student's building plans on the drafting table.
b. Bill Costello demonstrates the principals of internal combustion to a group of students in his Basic Auto class.
c. Bob Agnew's first year as a Crafts teacher has produced a group of talented students who explore a variety of mediums.
d. Bob Krohn demands concentration from his students when they operate the machinery.
e. Jim Moore checks his attendance list against the activity in Auto Shop.

d

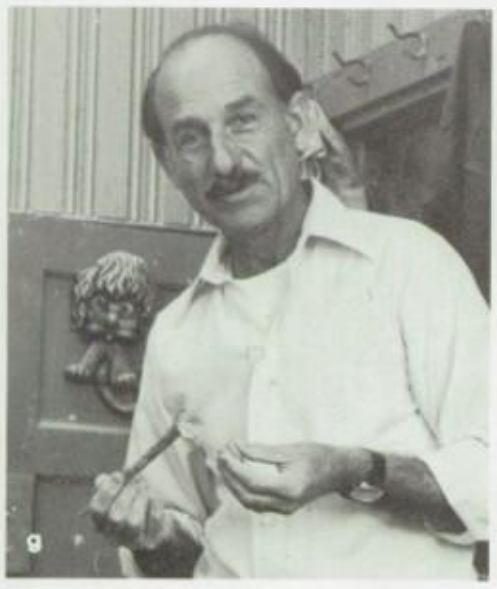
e



Art

The Art Department consists of instructors who are also artists in their fields. Since Art is an elective, students enroll in our classes out of the desire to develop greater proficiency in those fields. We encourage students to explore professional careers in art and to discover the variety of uses in which their talents can find release.

Our goals are to impart to our students new and greater capacities for enjoying their world, to help them discover the uses and techniques of various art forms and to provide a means of expressing their thoughts and ideas to others.



f. Chuck Maurice helps a student with a design problem in his advanced Art class.
g. Louie Ferrario explains the necessity of following directions in his ceramics class.
h. Ed Hostler concentrates on a personal project between his jewelry classes.
i. Barbra Jay, Drama coach, smiles her approval of a scene at a Star Dust dress rehearsal.

Basic Education

a. Marion Houze devotes his time to the student.
b. Beverly Tanem puts her finger on the problem.
c. Bonnie Gardner, department head, discusses a particularly difficult problem with a student.
d. With a smile, George Mills returns his third period class English papers.
e. Everything is coming up tulips in Sally Markey's second period class.
f. Life is sweet for Bill Pearson.
g. Barbara Goldstein, Irene Love, and Ken Oldham, in the Career Center, help the student search for that "Golden Opportunity."

Instructional Aides

Instructional Aides in the Basic Education Department are assigned to classes in Math, Science, Social Studies, English and Creative Crafts. In these classes we work with the students under the supervision of the teacher. In addition to classwork with the students, we also assume necessary clerical duties.

h. Kay Gross even enjoys the clerical side of being an Instructional Aid.

i. Jerry Davidson's charisma and charm are enough to encourage any student.

j. Jane Bauman doubles as a teacher and a friend.

k. Joanola Rose wears a cheerful smile and a helpful attitude.

l. Bonnie Smith gets down to business on a one to one basis.

m. Dorothy Belden makes up the backbone of any teacher's curriculum in the copy center.

Involvement

Students come to high school seeking to find a way to make a name for themselves in their own speciality. They look for fulfillment through their involvement in sports, clubs and other activities. Every student who under takes the challenge to become involved with the developement of their school finds friendship and pride in themselves and their school.

Varsity Football

SRHS was well represented by their football team this year. The record, 5-5 was not what we had hoped, but they gave every team a battle. After a disappointing loss in their first preseason game, they came back with two strong wins. A strong running game made them an exciting team to watch. After losing their first regular season game, they came back to win the next three, but dropped the last three games. The Bulldogs played close in every game but one. Thus they gained the respect of the other teams. As proof of this, the Bulldogs put six men on all-league teams.

J.V. Football

Despite a strong running attack, accurate passing, and a strong defense, the J.V. Bulldogs ended their 1976 season with a 3-7 record. The leading ground gainer of the season was Mike Shilling, backed up by Paul Nave and Jim Normandie.

The passing of Russ Stirling to Andy Logan and Jeff Walters was decisive in our victories over Tam, Redwood and Drake. Paul Lazio, Rob Dempsy, Roger Reaber, Rich Johnson, Dennis O'Toole and Mike Madden provided superb blocking in our offensive line.

The defensive line was led by Tim Chesnut, Gary Hadley, Phil Wolfe, Glenn Dowling, and a host of other J.V. Bulldogs.

The J.V. Bulldogs had three consecutive wins and at one time were contenders for the league title. Crucial losses to San Marin, Novato, and T. L. kept the Bulldogs out of the title slot.

Frosh Football

The Frosh football team started the season with a very few experienced players. As a result of this inexperience, several weeks passed before the players gained the confidence and unity it takes to make a winning team.

Each week throughout the season our performance steadily improved. The tremendous improvement was indicated by the scores. In the beginning we were beaten soundly, by mid-season we were playing close games — even winning our share.

Even though the record doesn't indicate it, this year was a success. The team members learned the game, how to work together, and how to enjoy themselves while working for a common goal.

b. While waiting for the offense to be called in, Guy Henderson takes a breather on the sidelines.
c. Launching the ball just in time, Andy Dauchouer avoids the quarterback sack.
d. Jesse Mejia dashes in for six points.

Varsity Soccer

Ever increasing in popularity, soccer came into the limelight this year by making a good league showing. The team played some night games attracting many soccer fans.
According to Coach Roger Williams, we played excellent games against the good teams, but poorly against weaker teams.
The team sported a strong defense and showed improvement over last year's season. With returning lettermen, we should do even better next year.

a. John Obana, the team's leading scorer jumps to head the ball.
b. (Front to back — left to right) George Gavallos, George Spongberg, Greg Roger Williams, (coach), Jim Skidmore, Pete Spiliotis, Glen Gehring, Randy Tiss, Scott Easom, Mike Carnevale, Larry Frank, John Obana, Mitch Green, Steve Skidmore.

d. Rounding the corner, Raul Meja dribbles past an opponent.

J.V. Soccer

a. Howie Flax (kicking the ball) and Clark Valceschini (#6) pass the ball around.
b. John Wick throws the ball in-bounds.
c. Kurt Schiedt passes the ball to Brad Melman while Wade Martin and an opponent look on.
d. (Front row left to right) Howie Flax, Roland Davanties, Kurt Shiedt, Clark Valceschini, John Yoffie, Bill Frank, Bob Panacci, Pat Culhane. (Back row left to right) Dave Hardin (coach) Brad Tardy, Steve Skidmore, John Wick, Rich Milani, George Gavallos, Brad Melmon, Gary Narin, Mike Forkin, Jay Young, Mark Hardin, Wade Martin, Don Clancy.

Displaying a strong defense, J.V. soccer gave many a team a fight. The J.V. improved their record over last year through a ball-control game strategy. With almost all team members freshmen and sophomores, we can hope for an even better record in 1977-78.

Waterpolo

The 1976 Water Polo season was a good year considering it was a re-building time. Seniors Bob Placak and Jeff Peterson led a varsity team to a 5-5 third place in Marin and a 2-2 non-league record. The play of under classmen Eric Walter and Glenn Fleischer gave strong indication that the coming seasons at San Rafael should be victorious ones.

The Junior Varsity only lost 3 games all year. The team was led by Mark Eglin, Andre Mansour, Bryant Moynihan and Bob Bell.

Girls' Tennis

The girls' tennis team, with a strong singles crew leading the way, and a powerful doubles team rounding out the team, fought to a 5-3 record and a second place finish in the league standings.

The record might not have been the same without the dedicated seniors on the team. However you never know what might pop up next year in the form of a freshman or an exchange student to make the days a little bouncier on the S.R.H.S. courts.

Last but not least, the girls' tennis team would like to thank Coach Simpson for putting up with us during the season and for doing a great job as coach.

Varsity Volleyball

The 1976 Varsity and Junior Varsity teams were among the better playing in the league. Varsity members Donna Casassa, Terri Magiulo, and Patty Schilling were named to the All League Team. During the first part of the season the varsity team gained valuable experience by playing in the San Ramon Invitational Volleyball Tournament.

Although the Varsity team will lose many valuable Senior players, the outlook for 1977 is hopeful with several skilled players from the Junior Varsity team returning.

For the first time, gymnastics was held in the fall rather than in the winter. Due to this change in season the team lost alot of its previous members to their first love . . . swimming.

This problem turned out to be an asset as it reduced the team size and gave the girls a chance to become a close group.

Gymnastics is ordinarily a very individualistic sport and the team was fortunate in that they worked together and made the season a very successful one.

Varsity Basketball

'76-'77 varsity basketball has the mark of most Bulldog basketball teams, they are exciting to watch. All 32 minutes the team plays a strong game. The team seems to also like to play close games. Our Bulldogs pride themselves on a pressure defense. To go along with the strong defense, they play a ball-control offense, move-the-ball-around-wait-for-the-good-shot. This type of playing requires a well-conditioned team. It also needs a good bench. S.R. probably uses its bench to better advantage than any other team. This team play has made the San Rafael Bulldogs one of the best teams in a surprisingly strong league.

J.V. and Frosh Basketball

For the freshman basketball team at San Rafael, it has been a year of learning and some disappointment. After winning their first league game against Drake, the team had found the winning touch an elusive thing. Athough they never quit, the young Bulldogs were not able to compensate for their lack of size and experience. Everyone on the team however, had greatly improved their skills this year and all have the potential to make the J.V.'s next year.

Varsity Wrestling
1977 MCAL Co-Champions

Two years ago, wrestling was in danger of being cut as a school sport. It was one of the least popular athletics and was expensive to run. However, team members met that challenge with fund raisings to show interest and save the sport. This year we fielded a championship team. Thanks to a persistent coach and a spirited team, the Bulldogs went up to last year's champs, San Marin, and surprised the Mustangs.

Our championship this year should generate more interest into the wrestling program and help it last many more years as an athletic event.

Girls' Track

This year's track team was supported by a large number of freshmen and first time participants. Although inexperienced, the girls were fine athletes and made a good showing in the league. The team is sure to be a strong contender for the title in future years because of the strong freshman turn-out.

Boys' Varsity Track

Though a very young team, SRHS made an excellent showing in a tough MCAL track league. At the beginning of the season, Coach Dwight tapped a large group of sophomores for the varsity team. Combined with the returning lettermen, we had a formidable team. In the MCAL County Final we were well represented and then sent many runners onto the Northcoast finals. The team worked hard and gave everything they had. Because of this, our team carried on the winning tradition of SRHS track teams. With a large number of returning lettermen and our strong "B" team, we should be a powerhouse again next year.

Boys' Frosh and Sophomore Track

After filling out the Varsity squad with a large group of sophomore runners, the "B" team was very small. Because of this, every team member contributed to the team success. This team, mostly freshmen supported by a few sophomores, came through the season with a strong league showing. The strength of this young team promises a strong track future for SRHS.

Boys' Cross Country

Last year the Bulldog's cross country varsity was 3rd in the nation. This year, the team had only one of those first five runners left. Paced by two seniors and three juniors, our varsity came out this fall and made a good showing in the league.

The Frosh-Soph "B" team started out fast this year. They began the season by winning a major invitational meet. The team's biggest problem was the small number competing. Only 13 runners came out for the team — Frosh-Soph. Eleven of these move up to varsity next year. These give hope of an excellent season.

J.V. Baseball

The J.V. team had 21 people on it. This proved useful during the year by giving the team depth. They sported a very balanced offence and defence. With power hitters in the line up, they backed the small pitching staff with a lot of runs. On the other side of the bat they showed an excellent infield. With all this they showed their worth in an always tough Baseball league.

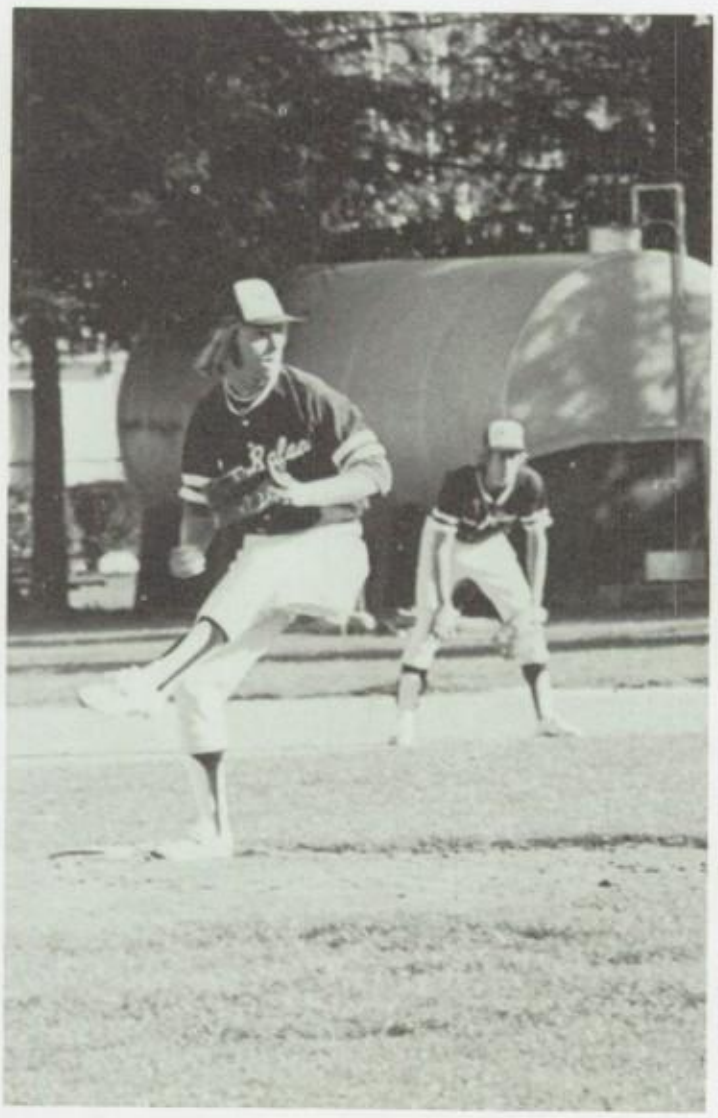
Varsity Baseball

Last year, a new head coach and coaching regime was introduced to S.R.H.S. The passing of time has created the trust and faith between the coach and the team necessary to make the team cohesive.
This year's slogan was "Together!", regardless of whether we won or lost. Through this attitude, '77 was a fun and productive year.



J.V. Girls' Basketball

This year the Varsity team is made up of a young and promising group
. We started the season by winning honorable mention in the Tam Invitational and finished in the top three.

The Junior Varsity has also done quite well. We began practicing with a few individual skills. Then with the help of our coach have developed into a fine team.

Since the majority of both our teams are made up of freshmen, and sophomores, we feel it is safe to predict a championship in the near future.

The Varsity was led by senior Bill Corbett with fine support from classmates Milt Granton, Rick Levy, Shawn Lowrie, Jack Loynes, Ted Koblick and Wayne Watkins. During the past four years, the Varsity team has accumulated an outstanding record of 50 wins and 6 losses in MCAL competition. In addition, San Rafael has been the MCAL representative to the North Coast Sectional Tournament.

Prospects for next year's Varsity look very good with fine talent moving up from the Junior Varsity.

Students participating in Close-up raised enough money, as well as contributing some of their own, to finace a trip to Washington. As participants of the federally sponsered Close-up program they spent the week in Washington getting to know officials and aides and seeing them in a working environment.

The highlight of the trip, for many, was the chance to meet with President Carter in the White House Rose Garden with other Close-Up students.

Played this year for the first time in a Northern Marin Playoff series. San Rafael Juniors defeated the seniors 13-6. Moving on to another victory against Terra Linda 20-6. Marching into the finals against Novatos Juniors the Bulldogs faced their toughest opponent yet and lost 28-0. The juniors learned much about the game and of competition and will use their experience next year as seniors.

Stardust was a hilarious comedy about a renowned actress who was to star in a small acting school's rendition of Cleopatra. The students of the acting school, led by their fanatic director, Mr. Bach, believed that in order to become proficient actors they had to live their parts.

Though humor remained throughout the play, turmoil set in when Prudence, the ingénue, had to decide between marriage and an acting career.

Tragedy lies beneath "The Dark of the Moon"

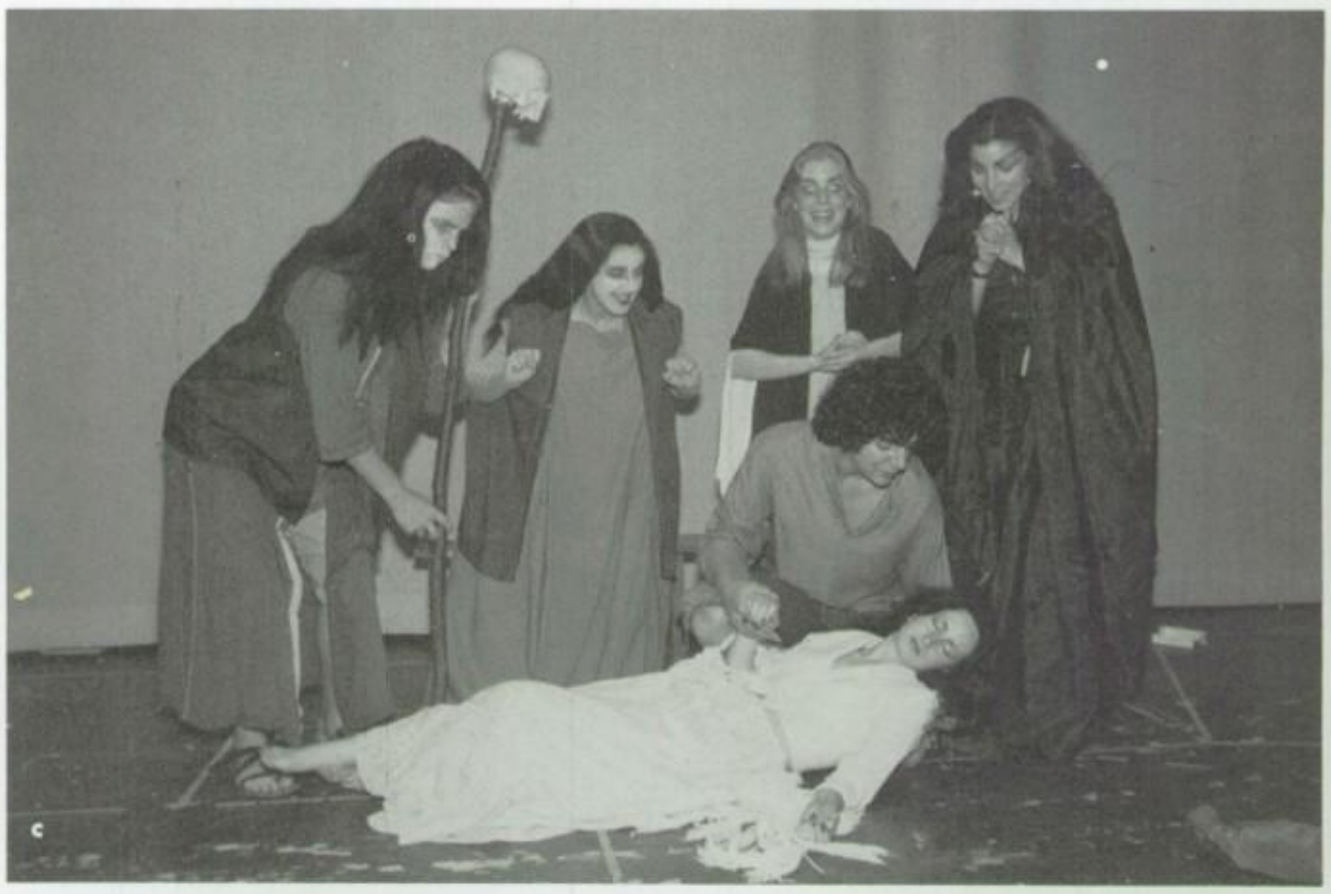
"Dark of the Moon" was a tragic story about a witch boy, John, who fell in love with Barbara Allen, an independent backwoods country girl. The Witch Boy knew that in order to marry Barbara he would first have to become a mortal. With the help of Conjur Woman he accomplished this task, and he and Barbara were married. Though the nuptial tie between Barbara and John was strong it was destined to end in tragedy. This was due to the country folk's fears and suspicians that John was a witch.

a

b

"Dark Of the Moon" was an exciting play filled with heavy drama, and emotional dialogue painted with a hick accent. The play had an eerie quality which was created by skillful acting and bewitching scenery.

Once again the S.H.R.S drama department, under the dynamic direction of Barbara Jay, turned out another successful production.



c

a. The Fair Witch and the Dark Witch harass John in the hope that he will become a warlock again.
b. The powerful spell of Conjur Woman changes John into a mortal which leads to unhappiness for him and Barbara Allen.
c. Though Barbara Allen's death is a triumph for the witches, it is the cause of intense anquish for John.
d. A little disagreement between Conjur Man and the Witches.
e. A happy moment in "Dark Of The Moon" takes place when John proposes to Barbara Allen.

This was the first year of SWAS — the School Within — A School. SWAS is a unique blend of rigorous academic work, invigorating physical activity and intriguing special events. SWAS spent one morning at the exploratorium and another at Golden Gate Park. They took a hike on Mt. Tam and on another occasion went to Skateland. SWAS has hosted a lecture demonstration of ballet and jazz dancing by Marin Ballet theatre and a performance of the SRHS jazz band. One of the most popular and worthwhile activities was "Career Day", a morning during which each SWAS student observed different people in the San Rafael area at work at various jobs which were selected by each student.

Associated Student Body Cabinet

The Associated Student Body Cabinet is part of Student Government here at S.R.H.S. The Cabinet takes in the revenues that students pay to get a Student Body Card. We in turn budget the money to fulfill regular and new student activities. Some of the larger activities that we directly sponsored were night football games, assemblies, the Homecoming Parade and Dance, and in the near future a school radio station — KSRH. Individual jobs of the cabinet are school elections, noon rallies, Homecoming Week, Publicity, and the Chairmanship of the S.A.B.

d. Leanne Texeira — Freshman Class President.

Being a class President is one of the hardest jobs in the entire Student Government. We have to keep two sets of people happy; the public and the students. When a president decides to have a fund raiser, the students must be willing to help. A good fund raiser is one that involves the public. Raising money is very important because it leads to that night everyone is waiting for: Senior Ball.

S.A.B. and Student Lobby

The SAB and the Student Lobby have somewhat the same purpose. They both worked for student govenment. While the SAB was working more for the students within the school, the Student Lobby was working more with the rights of students outside of school. The SAB took an input from students and the Student Lobby gave an output to the students. Both groups were concerned with what was going on within the school.

CSF

CSF is an academic honor society. Each year they hold an awards banquet and a "privlege day" consisting of a field trip. Students in CSF performed a service to the school by tutoring other students. Students who have belonged to CSF for at least 4 of their last 6 semesters receive special recognition at graduation.

Mathletes

Once every month our own Mathletes team went forth to prove its superiority ever other schools in mathematical problem solving competition. Each school alternated in hosting the struggle in this fierce competition. In each competition each member of a five-man team got a problem to solve, the scores were tallies.

Outdoor Ed.

The Outdoor Ed program allowed Junior and Senior students to leave school for a week to become student leaders at the Redwood Glen Outdoor School. The student leaders assumed responsibility for a group of grammar school students when they were not involved with one of the camp activities. During the week the student leaders accompanied the students on hikes, lectures and recreational activities. The purpose of the Outdoor School was to familiarize the students with the environment. The student leaders worked with a naturalist who actually taught the students.

Chess Club

The purpose of the Chess Club is to encourage the playing and enjoyment of chess by its members. Several times a year they held championship tournaments in which anyone was welcome to play. They also tried to organize trips to Bay Area tournaments for those players who are nationally rated.

A.F.S.

Through American Field Service the students of San Rafael High have the chance to learn from students of other countries about their culture while they attend San Rafael. Those who are really interested can apply to spend a summer or a school year overseas or in another state.

This year SR was able to offerd to bring 2 udents to this school. They were Ula Hartman from Austria and Bato ristani from South America. During is summer and the next school year, San Rafael will be sending students away. Linda Farris and Barbara Cottle will be going to towns within the United States and Nicki Solomen and Tyler Rose will be going abroad.

Campus Beautification

The Campus Beautification Club was formed when a group of concerned students, parents, and teachers felt it was time to make S.R.H.S. a more attractive place. Their activities have accomplished some things but needless to say we have a long way to go. In time they hope to have every member of the student body involved with campus beautification.

German Club

This year we have been very busy. First of all we changed our name to "Die Deutschen Bulldoggen". In the fall we went to the Oktoberfest at the Civic Center and we had a lot of fun. We also had a very successful Christmas Faire Booth. At Christmas time we went caroling in the Northgate Mall. We feasted on German foods and particpated in the Linguafest.

b

French Club

The French Club consists of anywhere between seven and twenty-eight members, depending on the weather! As true Frenchmen, they spend most of their time eating and arguing over what to argue about at the next meeting. Despite themselves, they have accomplished the following: they have seen two French movies, an opera, and a play (formidable!), cooked and eaten a French dinner (delicieux), and raised enough money to buy seven turkeys for St. Anthony's Kitchen (admirable!). Their finacial inspiration for some of this was the sale of their mascot: sand bag frogs.

RA Ravas

Ra Ravas is a girls' service organization that does volunteer work for both the school and the community. Along with the Medical Careers Club they participated in the fall and spring Blood Drives. Throughout the year many bake sales and other money making projects were held by Ra Ravas. The money earned went towards putting on the Barn Dance, having a booth at the Christmas Faire, creating a 100 dollar scholarship for an active senior girl and many other worthwhile causes.

Sportsmen

Sportsmen is a service club. The money that was raised through movies and other fund raising activities goes towards helping St. Vincent's for Boys and setting up a Sportsmen Club Scholarship. The Sportsmen took the underprivileged boys from St. Vincent's to Giant's baseball and Warrior's Basketball games. At the end of the year they presented a scholarship to the club's outstanding member. They were also selected to raise money for the Jack Sim's Memorial Fund. As president, Jeff Taylor's major goal was to make the club more sports-oriented and belonging to it more meaningful.

Red-N-White

Putting out a high school newspaper is a lot of hard work but if approached with the right attitude and combination of people, it can be a lot of fun. We were kept afloat by B.B.'s sense of overwhelming humility, B.E.'s ability to take the boring articles and make them interesting, T.K.'s ability to "elongate" articles, and E.W. and C.O.'s articles that renewed student interest in the paper. Good Luck to next year's staff, we hope you have as much fun as we did.

Being on a yearbook staff involves more work than most people realize. After months of creating layouts and photographs and fighting time to meet deadlines, most yearbook staffs are ready for nervous breakdowns. The things that saved the staff were the individual personalities on it. With this one factor added, working on a yearbook can be a lot of fun. Everyone on this year's staff has been really terrific. I would like to thank them all for doing such a great job, and Chuck Maurice — our advisor. My special thanks to Miss Pico, Mrs. Bradley, and Mrs. Gheraghty for the time they've spent helping us and also to Frank McGivern, our publishers representitive and Ted, Bob and Larry our professional photographers.

For adults only

(Don't Read This Unless You're 18 or Nearly 18.)

"BB guns" have been so identified with American youth that it may surprise you to learn that there is a special world of airguns specifically **not** designed for youngsters.

If you are a student of Science, Engineering, Automobile Mechanics, etc., you have learned to appreciate fine design and mechanical action. You can combine that appreciation with a lot of fun by discovering the incredible precision air rifles and pistols made in Europe for adults. Right here in Marin is the world's largest selection of these airguns and their supplies. Here are airguns designed with beautiful mechanism, nearly silent firing, truly pin-head accuracy, high velocity, and lifetime durability rather than toy-level, "shoot-em-up" youngster appeal. And **no pumping! no CO2! no valves!** Priced from $39.95 to over $400.00.

The **Whole Earth Catalog** people were so fascinated with our unusual products that they wrote a fine review of them and our big Airgun Sourcebook/Catalog in their Epilog issue. Give us a call and come on in to get a copy of that now-famous Beeman's Airgun Sourcebook/Catalog! And bring your old clunker airgun, even if it doesn't work, for a generous **trade-in.**

While we specialize in the amazing European airguns, we also have the very best selection and prices on Sheridan airguns and we do **precision repairs** on Sheridan, Benjamin, and Crosman airguns.

P.S.: Beeman's also has the world's largest selection of pellets from the most economical to the world's finest, including the famous pointed Silver Jets. More performance for any airgun!

Gun and pellet sales absolutely limited to 18 and over.

'm Glad that we were in 3° U.S. together,
ecause if not we would never ob met.
your a nice person, stay the way you are.
hope you have a really nice summer and maybe
e can get together and do something. I have
our # so If I think of something you might
ant to do, (like get stoned or drink up and
rty) then I will call. My phone # is 453-5313
o if you ever think of anything, you can give
e a buzz. maybe Rose can get together with
ith us too. I hope you get a really big
ollection of "Gum rappers". I promise to
ave all ob mine for you. Well,
will close bor now, Hope to talk or
ee in the summer, If not then I will
ee ya next year.

Have fun,
Dawn Gaynor

"Call me when you find out about the album. maybe I will buy some tickets too. I want the album for sure"!
